Council to Call Tenders For Construction of New Sidewalks

New Fire Alarm System
Outlined — Pictures of
Former Reeves Required

A decision to replace and repair sections of sidewalk in different parts of the Village was reached at the regular monthly meeting of Council on Monday night. Reeve Bert Jones presided and was supported by Councillors R. Anderson, J. Chambers, B. Glendinning and R. L. Hulin.

Outlined Fire Alarm System

Fire Chief G. C. Mouck outlined a district fire alarm system under the Quinte Area Emergency Measures Organization. Under the proposed plan a short wave radio equipment with the base at the Fire Chief's office, Belleville, would be established. A phone call to the Zenith number in Belleville would activate the local alarm, thus giving Stirling a 24-hour day coverage. The estimated cost of the equipment would be \$2300, forty-five per cent of which would be recoverable through government grants. No action was taken by Council.

The rental of the Community Hall for past social functions held by the Stirling Volunteer Fire Department will be absorbed by the Village on motion of Councillors Glendinning and Chambers.

Correspondence received included letters from the Department of Transport re distribution of fines for traffic offences; Carl E. Bateman, County Clerk, re safety inspector; Stirling Welding and Radiator Repair Shop, re lawn mowers; Ontario Department of Highways re 1963 subsidy; Dept. of Municipal Affairs, enclosing cheque for grant in lieu of taxes on the former Highway building; Town of Newmarket, re resolution; John Howard Society, re support; Hastings County Historical Society, re thanks, and Mrs. Roy Bush, expressing appreciation to Council for providing refreshments to the touring members of the Hastings County Historical Assoc.

The property of Claude Trumble on Roscoe Ave. will be serviced for sewerage by connecting with the main line on the corner of Front and Roscoe; the work to be done by H. E. Cooke according to a decision reached by Council on motion of Councillors R. Anderson and B. Glendinning. At the same time tile will be laid in the present ditch on Roscoe Ave and covered.

Members of the Streets Committee will meet with Mr. G. French, Dept. of Highways engineer, to discuss the removal of the curb and replacing the sidewalk on the south side of Mill St. from the Memorial Park east through the business section.

The report of Police Chief Chas. Hicks for the past month was received on motion of Councillors Hulin and Glendinning.

A resolution proposed by the Town of Newmarket, calling for extended use of school buildings, was given concurrence by Council.

New Sidewalks
The sidewalk question was given a complete airing and it was decided to replace 400 ft. of walk on the north side of Church St. from Mrs. Reg. McGee's property to R. Scholten's; also 76 ft. on James St. north from the corner of Mill St. Tenders will be called on the project.

On motion of Councillors Anderson and Glendinning, five of the old street lights will be installed on the Belleville Road, and five new fluorescent lights east from the Front St. bridge, when funds are available.

Pictures Wanted

Efforts are to be made to procure pictures of former Reeves of the Village to add to the present array in the Council Chambers. Some complaints have been received on the omission of some pictures. It was pointed out that difficulty had been experienced in getting pictures of some of the former Reeves but if relatives or friends would supply them arrangements would be made

Boy Scout Paper Drive

On Saturday, May 9th, the Stirling Boy Scouts will hold a waste paper drive. Citizens are requested to place the paper in cartons or bundles and leave at the curb for collection. The sale of paper is the chief means of raising funds for the troop and the boys will appreciate the co-operation of all citizens.

Has Operation

Gordon Vardy, of town, underwent surgery in Belleville General Hospital on Monday. The latest report is that he is progressing well.

Retiring Principal Was Honoured

Stirling Theatre was filled to capacity on Wednesday night last for the variety programme sponsored by the students as a farewell to Principal J. L. Good, who is retiring in June, after serving twenty-eight years in the local school.

Mr. J. W. Bakker welcomed the assembly and was assisted by Edgar Hay-Ellis, and Miss Margaret Hommersen, President and Vice-President respectively of the Students' Council, who emceed the programme.

Each form in the school had a part in the programme with the gymnastics, directed by Mr. Gordon A. Smith and the fashion show, under the direction of Mrs. Francis Lyons, drawing particularly favourable comment.

The school choir, under the direction of Mr. J. W. Bakker, rendered several numbers, with John Svoboda presiding at the piano.

The programme was as follows: "Mathematica Fantasia," directed by Mr. S. L. Allcorn; "Romeo and Juliet" (modernized); "The Orphan Girl's Triumph," directed by Mrs. K. Bailey and John Svoboda, with 12 players taking part; gymnastics, directed by Mr. G. A. Smith, with 10 boys and girls taking part; "Fashion Parade" directed by Mrs. F. Lyons; Choir Serenade; presentation of Hamlet; Folk Dancing, representing different countries, by the girls, directed by Mrs. W. McKeown.

At the conclusion of the programme Principal Good was called to the platform and Edgar Hay-Ellis made the presentation of luggage on behalf of the students.

for their placing. Accordingly Council decided to advertise for missing pictures.

Dog owners who have failed to purchase tags for their canine pets will be assessed an additional \$1 after May 15th, according to a decision of Council, on motion of Councillors Anderson and Hulin.

In the way of recognition to Stirling Juvenile Hockey Club for finishing as runners-up in the O.M.H.A. Juvenile "C" finals, Council will donate crests to the individual team members.

Rev. A. E. Baker Former Minister Dies At Barrie

Rev. A. E. Baker, U.E., a former minister of St. Paul's United Church, Stirling, died in Royal Victoria Hospital, Barrie, on Saturday, May 2nd, in his 72nd year.

The late Mr. Baker was minister of St. Paul's and Carmel United Churches from 1949 to 1954. During his ministry St. Paul's celebrated the centennial of 100 years of Methodism in Stirling and many special services were held under his direction. The Stirling Festival of Sacred Praise was also inaugurated under his leadership.

He is survived by his wife, one daughter, Mrs. J. W. Thomas, West Vancouver, B.C., and a son, Dr. Earle F. W. Baker, of Toronto.

The funeral service was held in the chapel of the Earle Elliott Funeral Home, Toronto, at 2 p.m. on Tuesday. Rev. A. E. MacKenzie, a former Principal of Albert College, conducted the service. Dr. Stanley Osborne, Principal of Whitby Ladies' College, delivered the message and Rev. W. A. Hunnisset, Toronto, gave the eulogy. Interment Mt. Pleasant Cemetery.

Local Firm Buys Madoc Creamery

A business deal of interest to many in this district was consummated last week when Stirling Creamery Limited purchased the Madoc Creamery from Miss O. Ashe. The new owners took possession on May 1st.

97th Anniversary

Mrs. C. A. MacConnell, Front Street W., will observe her 97th birthday anniversary on Friday, May 15th. She enjoys comparatively good health and takes keen interest in local happenings in the Village. Her many friends will join in extending congratulations.

Compete In Colling Memorial

Five of the local High School students competed in the 20th annual Ken Colling Memorial Cross Country Run at Belleville yesterday afternoon.

In a field of 76 contestants, Fred McAdam, Stirling, finished in 11th place; David Short, 25th; Larry Downer, 31st; Bill Bosiak, 37th; and Francis Sager, 41st. The first 36 finishers received crests.

Horticultural Society Entertained By Laurel Rebekah Past Grands

Members of the Stirling Horticultural Society were guests of the Past Noble Grands' Club of Laurel Rebekah Lodge on the evening of Monday, May 4th at the Oddfellow's Hall.

Both groups were well represented and the Horticultural members were graciously welcomed by Mrs. Ray Rose, President of the Past Noble Grands' Club. Later Mrs. Floyd Armstrong, President of the Horticultural Society, took the chair.

It was reported that the book on Flower Arrangements has been purchased for the Public Library; also that the flower boxes for the Front Street bridge have been painted. Loam has been distributed to the various parks and gardens in the Village.

A bus trip to the Thousand Islands has been arranged for Monday, July 27th; also a trip to Ottawa Exhibition in August. Mrs. Ray Rose is the delegate to the Convention at Guelph on June 18th and 19th, not Mrs. Floyd Armstrong as stated in the last report.

Something new is being tried this year in regard to the annual plant sale which will be held at the Memorial Park on Saturday, May 23rd starting at 1.00 p.m. Keep your eyes on the "Trillium" in the News-Argus.

"Country Cousin" Hoe Down Draws Large Crowd

One of the best attended events in years was the "Country Cousin" Hoe Down sponsored by Stirling Motors (Stirling) Limited in connection with the grand opening of their new show room and service facilities on Saturday night. They came for miles around in the hundreds to view the new building and partake of the hospitality provided by mine host Don R. Williams and members of the staff.

The entire work shop had been cleared for the occasion and music for round and square dancing was provided by Donnie Armstrong and his Band. Gordon Mitts was floor manager for the square dancing. Everything was free and the large crowd thoroughly enjoyed themselves.

Several draws were conducted for door prizes and among those holding winning tickets were Mrs. Delbert Hickson, Hoard's Station; Wyn Harder, Belleville; Bruce Woodbeck, Stirling; Donnie Campbell, R.R. 3 Stirling; Ernie Wanamaker and Greg Datoe, Stirling.

Omission

In the list of district boys planning to attend the summer hockey school at Agincourt published last week the name of William Cooney was omitted.

Fireworks Canvas

The annual canvass for donations to the Legion's Fireworks Fund will be made next Monday evening, May 11th. Comrades are requested to meet at the Legion Hall at 7 p.m. President Lawes asks for the support of all members in this fund-raising project. Following the completion of this door-to-door appeal, the Branch Executive will meet to finalize plans for the Fireworks Display which is scheduled for Monday, May 18th at the Fair Grounds.

In making its appeal for donations to the Fireworks Fund, the Legion again asks for the generous support of the citizens in Stirling and district. For each donation of \$1.00 or more, the Legion will admit 1 car and its passengers to the Fair Grounds. The price is most reasonable in relation to the cost per family.

It will not be possible to canvass the rural areas for funds, however, donations may be left at Noble's Drug Store, Tanner's Service Station or Patterson's Men's Wear.

Mrs. Percy MacMullen read a fascinating poem, "The Pond and the Stream," followed by readings by Mrs. Ray Rose, "Flower Law," and Miss Gena Spry on "Coral Bells." Mrs. I. Caldwell told about 'mums and Mrs. Ray Rose told about the benefits of sterilizing soil and how it can be done in the oven at 200 degrees. Mrs. F. Armstrong gave a number of good hints on gardening, mentioning that underground crops are best harvested in the morning and above ground crops later in the day; if you tie the tomatoes to their supports with cloth, it will not bruise the stems. The programme concluded with two contests, "Flowers of the Province," won by Mrs. Rose and Mrs. Belshaw and "Botanical Names," won by Mrs. P. Craighead, Mrs. K. Weaver, Mrs. O. Merrick and Mr. H. Waite. A draw was won by Mrs. Reg McGee with Mrs. Ashley Brooks second.

Following the benediction the Past Noble Grands served a very tasty lunch of sandwiches and tarts with tea. Mrs. Harry Waite voiced the thanks of the Horticultural Society to the Past Noble Grands for their kind invitation to join with them and for the lovely lunch. Mrs. Ray Rose replied on behalf of the Past Grands.

REID — In loving memory of a dear son and brother, Clifford Gordon Reid, who passed away May 7th, 1961.

In a quiet country graveyard Where the breezes gently blow Lies the one we loved so dearly That we lost three years ago. We miss him and mourn him in silence And live in memory of joys that have been.

SPRING VEAL

Fresh veal, well prepared and served with imagination is a welcome change for springtime meals. At this time of year veal is more plentiful in the East, Quebec and Ontario supplying most of the market. Veal compares favorably with beef in food value. It provides high quality protein, important B vitamins and iron. Weight watchers will appreciate its low fat content.

There are two types of veal. The spring veal offered in Eastern markets is the young, light weight veal from dairy herds and is pale, greyish-pink in color with very little surface fat and no fat marbling. The fall veal offered in Western markets is the heavier veal from beef type cattle or more mature veal and is dark pinkish-brown in color with a good covering of fat and a small amount of marbling.

Local markets are now offering cuts of veal to suit every purse. Good buys for spring veal this year are: Leg, loin (bone-in) and rolled shoulder roasts, shoulder chops, and minced veal.

Although veal comes from young animals and is therefore tender, its flavor is best if given long slow cooking. Veal should be cooked to the well done stage, 180 degs. F. on a meat thermometer or until the cooked meat is greyish in color with no trace of pink. A moderately slow oven temperature, 325 degs. F. is recommended.

Most veal cuts are tender enough to be roasted, however, because of the mild flavor of veal, there is an advantage in cooking it in seasoned

liquids. Chops, steaks or cutlets may be panfried or baked, but for added flavor they are delicious braised in a well-seasoned gravy.

Any one of the following seasonings goes well with veal — thyme, savory, marjoram, paprika, curry, mustard, or garlic.

Apple juice, tomato juice, beef broth, consommé or white wine can turn any veal dish into a gourmet's delight.

Just before serving, add a decorative touch with parsley, watercress, or lemon slices.

The home economists of the Consumer Section, Canada Department of Agriculture offer these delicious recipes for veal. You will notice that pork which goes so well with veal and adds extra juiciness, has been used in the stuffing for the roast and bacon with the veal patties.

Festive Veal Patties

1 1/2 pounds minced veal
1/2 cup finely chopped onion (1 small onion)
2 teaspoons salt
1/2 teaspoon pepper
1/2 teaspoon nutmeg
2 tablespoons butter, melted
4 tablespoons light cream
1/2 cup seasoned flour (1/2 cup flour, 1/2 teaspoon salt, Dash pepper)
2 tablespoons water
1 egg, beaten
1/2 cup fine, dry breadcrumbs
12 strips bacon
1 tablespoon butter

Mix meat with onion, seasonings, butter and cream. Make 12 patties (1/2-inch thick) sprinkle with seasoned flour. Add water to beaten egg, dip patties in egg mixture and coat with

breadcrumbs. Put 1 strip of bacon around each patty and fasten with toothpicks.

Fry patties in the 1 tablespoon of butter over moderate heat 10 to 12 minutes each side. Six servings.

Stuffed Veal Shoulder

4 to 6 pounds boned veal shoulder
2 to 3 tablespoons fat
Pork stuffing
1/2 cup apple juice (or white wine)
Sprinkle the veal with salt and pepper, then spread the pork stuffing evenly over meat. Roll up tightly and sew and fasten with skewers.

Brown meat over moderate heat, about 10 minutes. Season with salt and pepper. Place in roasting pan, add apple juice or wine and cook covered in a moderately slow oven (325 deg. F.), or simmer on top of stove about 45 minutes per pound or until meat thermometer registers 180 degs. F.

If a thickened gravy is desired blend one tablespoon of flour with a little apple juice or wine and stir into gravy in pan. Bring to boil on top of stove, stirring constantly until smooth and thickened slightly.

Pork Stuffing

1 1/2 cups finely chopped onion
1/2 cup butter
1/2 cup chopped parsley
1/2 teaspoon basil
1 pound ground pork
1/2 cups soft, stale bread crumbs
1/2 teaspoon salt
1/2 teaspoon pepper
1 egg

Saute onion in butter until soft and transparent, about 5 minutes. Add parsley, basil and ground pork and cook gently for 10 minutes. Mix bread crumbs, salt and pepper and toss together with the lightly beaten egg. Add the pork mixture and combine thoroughly.

Some prospects are misers; they let the rest of the world go by.

Mount Pleasant Rawdon Messengers

Mrs. Raymond McConnell, leader of Mount Pleasant Rawdon Messenger group and about twenty-five children were in attendance for the Messengers meeting on Sunday morning in the Church Hall. Mrs. W. G. Fletcher showed a film depicting the life of a little boy in India.

The meeting opened with hymn music by Jeannette Hoard. Janet Scott conducted the devotional on the theme "Work and worship belong together." Those assisting were Brenda Campbell, Carolyn Merrick and Nancy Johnson. The offering was gathered by Frank Hubble and Dennis Hubble.

Jim Scott gave his report and Janet Scott gave a piano solo. Mrs. Raymond McConnell outlined the primary story and Mrs. Frank Spencer synopsized the junior study book.

The next meeting will be held on Sunday, May 24th at the Church Hall.

Local 754 Elaine Footwear Bowlers Capture Trophy

On Tuesday, April 28th and Wednesday, April 29th, two teams from Trenton and two from Stirling bowled in competition for the annual Boot and Shoe Union trophy donated last year by Stirling Bowl-O-Drome and the D.A. Lanes of Trenton. The first night they bowled in Stirling and the second night in Trenton; with total pinfall to decide the winner.

Stirling captured the trophy for the second time in a row. Local 754 "Imperial" were the victors with the bowlers being Linda Desrochers, Marie Hollinger, Rose McCumber, Wayne Roe, Doug Keller and Doug Nicholson. Each player also received an individual trophy. Stirling's other team placed second with third and fourth places going to Trenton.

The high singles and triples for the two nights were: Susie Marshall, 267, Trenton; Doug Keller, 313, Stirling; Linda Desrochers, 622, Stirling; Wayne Rose, 733, Stirling.

Candle Pin Spring League

On Monday night, April 20th, three men's teams started a spring league with the new candle pins at the local lanes. Although the games weren't too high for the first night the fellows sure had a good time. If you make a score of 100 in this game you are really bowling.

High single of 103 was bowled by Doug Scea and high triple went to Ralph Parks, 283, who also had a single of 101. The only other 100 single was bowled by Garry Poste.

Points — Ralph Scea's "3 RDG's," 5; Paul Adam's "Candle Lighters," 2;

Art MacConnell's "JARR's," 0.

The boys seem to be getting the hang of this game. Doug Scea has now a 111 game to his credit; Jack Doran 110, Paul Adams 102 and 104, Gord Barrie 109, Don VanLaven 101, Dick Osmond 103 and Ray Poste 103 and 104.

Points to date — "3 RDG's," 12; "JARR's," 7; Candle Lighters, 2.

Men's Ten Pin Bowling League

After the April 25th bowling there was only one point separating Ralph Scea's Oddballs from Bill Blakeley's Screwballs as the Screwballs took all 7 points, making it 87 to 88 for the Oddballs.

Ray Poste bowled the highest single and triple of the season with 225 and 616, his other two games being 213 and 178. Bill Reid had 509, Ralph Scea 479 and Bill Blakeley 474.

On May 2nd the Screwballs again took all 7 points making the score Screwballs 94, Oddballs 88.

Bill Blakeley took over high single position with a brilliant 233 game. His other two games were 159 and 155 for the night's high triple of 547. Ray Poste was right after him with games of 226, 171 and 132 for 529. Paul Adams had a 216 single and 495 triple.

Ex-Premier To Receive Gold Key

The status of Cardiff, Ontario, a busy mining town until three years ago, will be changed this week-end.

At a rededication ceremony on Saturday, May 9th Ontario's Ex-Premier Leslie Frost will be presented with a gold key to the village and named its No. 1 honorary citizen.

Cardiff, eight miles west of Bancroft appeared to be headed for extinction with the closing of all three

uranium producers in the area. Faraday Mines the last to stock pile ore under an agreement with the Federal government is due to cease operations June 30th.

In an effort to establish an independent community for people with fixed incomes the Federal government's housing agency C.M.H.C., granted Peterborough realtors an exclusive contract to dispose of 150, fully-serviced bungalows at 60 per cent less than it cost to build them in 1956.

Otherwise the dwellings along with administration buildings, two churches, a shopping centre, an 11-roomed school and large outdoor swimming pool might have wound up in the scrap heap.

NEWS FOR THE BUSY FARMER

AID OF FARMERS SOUGHT IN HUNT FOR METEORITES

With spring in the air and seeding operations under way, the Geological Survey of Canada, a branch of the Department of Mines and Technical Surveys, is asking Canada's farmers and rural residents to help in the hunt for meteorites.

Because much of their time is spent working the land, farmers are the most likely persons to find meteorites.

Early this year a Shaunavon, Sask., farmer was paid \$1,000 by the Geological Survey for a rare 2.88-pound iron type meteorite found by him on his land. Mr. G. Reberger had written to the department for a copy of the pamphlet "How To Identify Meteorites" and from the descriptions and photos in it believed he had a meteorite. This was confirmed by experts and the purchase made.

Not all meteorites are this valuable. The price per pound varies from \$6.00 to \$300.00 depending on rarity, size, whether intact or broken up and other factors.

Meteorites contain nothing that can be recovered and sold for profit. They are purely specimens for scientific study, their value being the information derived from them. Scientists may determine, for example, information about the age of the solar system; the history of another world; the relative abundance of elements; whether radiation levels in parts of the solar system are so high as to mean death to the space traveller or help solve the re-entry problems of space vehicles.

An illustrated booklet on identifying meteorites is available free from the Geological Survey of Canada, Ottawa. The booklet is printed in both English and French. In non-scientific language it describes the appearance and characteristics of meteorites and with photographs shows three types of meteorites as well as rocks and other objects commonly mistaken for meteorites.

Anyone finding what he believes to be a meteorite is urged to write immediately to the Associate Committee on Meteorites of the National Research Council, Ottawa. Specimens may be sent to the Geological Survey of Canada or to the nearest university for identification.

CARE MUST BE TAKEN TO GUARD EGG QUALITY

With the advent of spring and warmer weather, the annual rash of producers with egg quality problems has begun, according to reports reaching the Ontario Department of Agriculture. Some producers are experiencing far too many Grade B eggs. In dealing with these problems several factors have become evident:

Heavier feeding of corn has resulted in egg yolks of deeper color than formerly. With the advent of warmer spring weather, these eggs tend to show a darker yolk shadow, when candled, than they did during winter conditions when, because of the cold weather, the eggs cooled more quickly.

Due to the recent higher prices for eggs, some flocks are being carried for longer laying periods than is usual. Eggs from such flocks tend to have weaker albumen and the albumen tends to thin out faster than the case with eggs from younger hens.

With greater use of mechanical egg gathering equipment, there is a tendency on the part of some operators to gather eggs less frequently, deeming three or four gathering unnecessary. This is not true, especially in warmer weather. It must be remembered that eggs do not cool as rapidly on the line as in the cooler.

Weak-shelled eggs tend to increase with warmer weather and with prolonged heavy production unless necessary diet adjustments are made to counteract these stresses. It can be questioned whether there yet is available the necessary "know how" to feed the present-day 3½ to 4½ pound hen for sustained maximum production under all current conditions, without experiencing some lowering of egg quality.

Buyers appear to be increasingly selective in securing their supplies.

With more sources of high quality eggs available in quantity, buyers show a greater tendency to discriminate against producers shipping eggs of less than top quality. Buyers no longer find it necessary to purchase inferior eggs to meet their requirements.

Producers need to be more vigilant than ever to see that every precaution is taken to produce and maintain the best possible egg quality. The ways to do this are well known:

(a) Healthy hens, so fed and managed as to successfully meet the stress factors of sustained heavy production, greater age and warm weather temperature.

(b) A minimum of three egg gatherings per day.

(c) Correct water temperature and timing for cleaning.

(d) Immediate and rapid cooling to 50 degs. F. or at least to 55 degs. F.

(e) Storing eggs large end up, until delivered.

(f) A minimum of twice a week marketing.

To the extent that any all of these factors are neglected or ignored depends largely the percentage of Grade A eggs delivered and, in consequence, the interest of buyers.

Lime Assistance Policy Changes

Changes in the freight assistance policy, under which agricultural lime is subsidized by the Soils and Crops Branch of the Ontario Department of Agriculture and the Canada Department of Agriculture, have been announced.

Effective July 1st, transportation claims will be paid only to farmers where the lime is used on their own land and only in cases where a soil test shows a pH value of 6.2 or less.

Under the new policy the maximum subsidy to assist in meeting transportation costs will be increased from \$2.50 to \$3.00 a ton.

The subsidy is based on 75 per cent of the railway freight or five cents per ton mile one way from the quarry to the farm for a truck load of five tons or more.

The freight assistance rate for Northern Ontario will remain the same as present at 75 per cent of the "reduced" freight rate.

Farmers planning to purchase agricultural limestone should sample their soil and have it analysed at the Ontario Agricultural College or other ap-

proved laboratories," said Douglas L. Parks, Director, Soils and Crops Branch. "Research has shown that there is no economic advantage of applying limestone to soils of pH 6.0 or higher. Lime should only be applied if a test shows that it is needed. If lime is not needed it would only result in a waste of money."

Increase in the maximum subsidy has been designed to assist farmers who are located at a considerable distance from the nearest approved quarry.

Copies of the policy and application forms for subsidy can be obtained from the local Agricultural Representative. Soil sample boxes and the necessary forms are available from the same source and should be obtained well in advance of the time it is proposed to order the limestone.

Copper Tooling Home Ec. Course At River Valley W.I.

On Tuesday and Wednesday, April 28th and 29th, Miss Judith Gum, of the Department of Agriculture, Home Economics Services, 20 Spadina Road, Toronto, conducted a two-day course

on "Copper Tooling" at the River Valley School Kitchen. There were fourteen ladies in attendance and this included seven members of River Valley Women's Institute.

Those in attendance were: Mrs. Vernon Harry, Mrs. Ernest Carr, Mrs. Glenn Bush, Mrs. Percy MacMullen, Mrs. Roy Irvin, Mrs. Gerald Brooks and Mrs. Malcolm McMullen, all from River Valley W.I.; two members of Sidney South Institute, Mrs. Kenneth Bush and Mrs. Carl Moon; one from Chatterton, Mrs. David Little; and four non-Institute members, Mrs. Floyd Armstrong, Mrs. Ray Rose, Mrs. Kenneth Ray and Mrs. Ralph Carlisle.

On Tuesday the group made initial-ized lockets and pins from sheets of copper and they learned the art of tooling.

On Wednesday each lady completed a plaque and the designs included flowers, animals and birds and all were very attractive. This course teaches a very interesting hobby and the group can now fashion several articles at their leisure. Each lady brought her own noon lunch and the hostess group provided coffee.

At the close of the course Mrs. Vernon Harry, President of River Valley W.I. voiced thanks to the instructor.

PROVINCE OF OPPORTUNITY

Minimum Wage Extended Throughout Ontario

Last year, Minimum Wage legislation was introduced in the Toronto-Hamilton-Oshawa industrial area. It proved highly successful, and as a result, I am pleased to announce an early extension of it throughout the entire Province beginning on June 29. I ask you now to read the following highlights

carefully to establish exactly how this vital and progressive piece of legislation will benefit you.

H. L. Rowntree

HON. H. L. ROWNTREE, Q.C.
Minister of Labour

Reduced to its simplest terms, the new Minimum Wage Orders, implemented and enforced by your Ontario Department of Labour, are designed to protect every working man and woman in the Province from exploitation, and set a minimum wage of \$1.00 an hour (\$1.25 in the construction industry).

The Orders, now in effect in the Toronto-Hamilton-Oshawa "horseshoe", will be extended throughout the

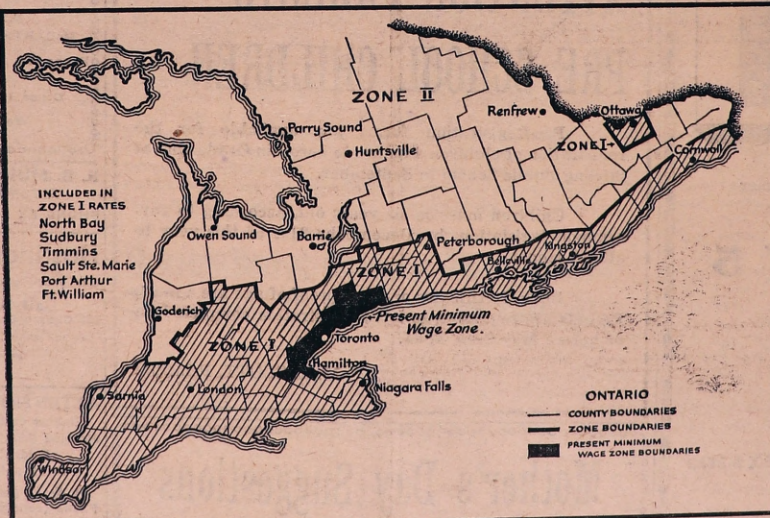

entire Province on June 29. However, so that employers will have sufficient time to adjust to and absorb the higher rates, the Orders must be carried out in stages.

Briefly, here's how your Ontario Department of Labour plans to go about it. The Province will be divided into two Zones. Zone I takes in the more heavily populated and industrialized areas and centres. In this Zone, the \$1.00 Minimum Wage will be achieved not

later than March of next year. In Zone 2, covering the remainder of the Province, the wage will be achieved by December of next year.

In the Construction Industry, the Minimum Wage of \$1.25 an hour will be reached in the same manner in both Zones.

The map and salary boxes on this page show the two zones, and the salary increases scheduled in both.

SPECIAL GROUPS

The General Minimum Wage Order does not apply to: Registered apprentices; camp counsellors or students employed in certain recreational programs; apartment house janitors who live in; real estate and insurance salesmen and salesmen who determine their own hours; professional persons and teachers; domestic servants; farm labourers.

Special rates (80¢ in Zone 1 and 75¢ in Zone 2) apply in the following cases: A student who does not work more than 28 hours a week; a seasonal worker processing perishable fruits and vegetables

who does not work more than 16 weeks in a year.*

Special rates (60¢ in Zone 1 and 50¢ in Zone 2) apply in the following cases: Delivery boys, messengers, news-vendors, pinsetters, caddies who are under 18 years of age.*

*In both special rates categories, the Zone 1 rates will apply in Zone 2 on December 27, 1965.

EMPLOYERS NOTE

Where employees are being paid on a piece-work basis, if at least four-fifths of them are earning at

least the minimum wage, you will be considered as complying with the Orders.

Learner Rates are as follows: Where employees are on a piece-work basis, learners may be paid 20¢ less than the prescribed minimum rate for the first three months of employment, and 10¢ less for the second three months. In all other cases, learners may be paid 10¢ less than the prescribed minimum for first four months of employment. The Hotel and Restaurant Order establishes a special learner rate 10¢ lower than the prescribed minimum rate for the first month of employment.

Your Ontario Department of Labour stresses the fact that these are just the highlights of the new Minimum Wage Orders. To find out exactly what the Orders mean to you, please write: THE LABOUR STANDARDS BRANCH, THE ONTARIO DEPARTMENT OF LABOUR, 74 VICTORIA STREET, TORONTO 1, ONTARIO, or telephone 365-5251

This has been an exceptionally good festival and those who attend the concert tonight are assured of fine entertainment.

Adjudicators

Dr. D. M. Smith, of Campbellford, proved to be the same popular critic in the Scriptural division. Competition was keen and the experience of former years was much in evidence as contestants portrayed feeling, meaning and the beauties of Holy Writ.

Mr. John Dewdney, Toronto, a new comer to Stirling Festival, won for himself a warm spot in the hearts of old and young alike. There are no losers in his estimation, but rather some score more points than others because of natural style, superior training and adequate preparation.

The results of the various competitions up until 11 a.m. today are published in this issue. (See below and on page six). The list of trophy winners will appear in next week's issue.

The Stars of the Festival Concert is your opportunity to encourage all the participants of the 1964 Stirling Festival of Sacred Praise, at St. Paul's United Church, tonight at 8.00 p.m.

After nearly four days of adjudications one of the most successful Festivals of Sacred Praise will reach its climax when the gold medallists will perform in concert style. The tension of competition has subsided, goals have been attained and the artists, with the confidence of desires accomplished, will repeat their various selections.

In short the Stirling Festival of Sacred Praise of 1964 has set a new record. Come one and all and show your appreciation to the contestants and the workers behind the scenes for promoting a cultural programme of such high calibre for the Village of Stirling.

Fireworks Display Sponsored By Stirling Legion Monday Night

Next Monday, May 18th, all roads will lead to Stirling Fair Grounds for the annual Community Fireworks Display. Plans for this popular event have been completed and a large crowd is expected to be on hand. The gates will open at 7.30 p.m., although the fireworks show will not commence until darkness has fallen.

Due to several circumstances it has not been possible for the Legion to canvass for funds. The public is asked to co-operate by either leaving their donation with a Legion member, or by purchasing their ticket at the Fair Grounds on Monday evening. A number of Legion members will be on hand to assist in this regard.

Parking on the grounds will be supervised by a committee made up of Elwood Wilson, Wiegert de Jong, Blake Faulkner and G. Fortner. Those in charge of ticket sales are: G. B. Noble, R. K. West, Harold Baker, Bob Luery, Ernie Boyd, Fred Heasman, M. Armstrong and G. Montgomery.

Refreshments will be provided by Stirling Boy Scouts, Stirling Girl Guides and the J. R. Cooke Chapter of the I.O.G.E.

The fireworks show will feature both aerial and ground displays which proved so popular last year. Those in charge of firing the display are: Gilbert Finkle, Bert Bastedo, Bob Cooke, Bill Webber, Doug Ackers, A. Fraser, M. Landry and Ray Tanner. President Allan Lawes has asked that as many Legion members as possible should meet at the Fair Grounds next Monday afternoon at 2 p.m. to help complete preparations.

In the past, the citizens of Stirling and district have generously supported this community programme. The result is an outstanding display of modern fireworks set off under controlled conditions to provide maximum pleasure and safety to all. Parents are asked to warn their children with regard to traffic. Only authorized persons will be permitted in the area of firing.

The Legion again appeals to all people in the community to support the Fireworks Display next Monday evening at the local Fair Grounds. Don't miss the best fireworks display in the entire district.

Sid MacDonald Agricultural Rep. Being Transferred

Residents of Stirling and Hastings County learned with regret last week of the pending transfer of Sid MacDonald, Agricultural Representative for Hastings County, to Muskoka and Parry Sound. He will be succeeded by Douglas Tipper, of Huntsville, who has been serving as Agricultural Representative in the latter area. The change takes effect July 1st next.

Since coming here January 1st, 1958, "Sid", as he is popularly known, has carried on the work of the Department in an efficient manner and his leadership and guidance among the rural youth will be greatly missed. In addition to his official duties he was active in the Stirling Rotary Club and along with Mrs. MacDonald took an active part in St. Paul's United Church.

Buys Property

A real estate deal of interest was completed last week when Craig Watson purchased the property of Wm. Cairns on the Trent River.

Airport For Stirling?

Several local and district citizens interested in flying have taken the initial steps towards establishing an airport for Stirling. The farm of E. Woodcox has been purchased and already the rough grading for a landing strip has been completed. This work was done by Douglas Cooney and H. J. McFarland Construction.

The prime move in this project was taken by Hadley Richardson, Ken Sine, Ken Ray, Stuart McArtton and Wayne Wellman. However, a general meeting has been called for 7.00 p.m. Tuesday next, May 19th, at the home of Hadley Richardson. A visit will be paid to the site of the proposed airport. All interested parties are invited to attend.

Roy Irvin, of Batawa, has offered his services as mechanic at the new flying field.

Mrs. W. J. Morton, Regent, presided over the meeting. Reports of the Secretary and Treasurer were read. Communications from Provincial Office stressed the importance of jury duty and urged all women to accept this responsibility.

At the close of the meeting Mrs. Warren and her committee of Mrs. Maude Runnalls, Mrs. Bruce Bell and Mrs. Robert Luery served delicious refreshments.

The next meeting will be held on May 28th at the home of Mrs. Claude

West. Pictures taken at the Boy Scout World Jamboree in Greece in 1963 will be shown by Bill West. We hope every member will be there to see these.

Legion Notes

Some 40 veterans gathered at the Legion Hall last Tuesday evening as Branch No. 228 held its 4th annual Membership Night. A delicious potluck dinner featuring roast turkey started the evening off in fine style.

Visiting guests included Comrade Jack Rashotte, Zone Commander; Comrade Ed King, of Hillier, who is Zone Public Relations Officer; Comrade Norm Hardwick, of Belleville, and Comrade Al Hardy, also of the Belleville Branch. President Allan Lawes welcomed all the veterans on behalf of the Branch.

Following dinner those present were treated to two fine movies presented through the courtesy of Comrade Hardy who is district representative for the Carling Brewing Co. The first film featured trout fishing in Northern Quebec. The second film was a 72 minute film record of the D-Day landings and the battles leading to the final German surrender on V.E. Day.

Comrade Bert Bastedo, Secretary of Branch No. 228, expressed the appreciation of the meeting to Comrade Hardy who had provided such interesting film entertainment.

The Legion is hoping that some positive action will soon be taken in regard to the matter of artificial ice and improved arena services for the community. If any action is to be forthcoming, it is hoped that the delay will not be too long in view of the size of the project.

Wellman's U.C.W.

The ladies of Wellman's United Church Women held their meeting at the Church on Tuesday, May 5th, when they entertained ladies from eight other organizations — Bethel, Burnbrae, Hoard's, Minto, Mount Pleasant, Petericks, Rylstone and Spring Brook. In all there were 78 adults and 5 children in attendance.

The President, Mrs. Omar Dracup, gave the call to worship and everyone joined in singing the hymn, "O Master Let Me Walk With Thee." Rev. W. G. Fletcher offered prayer. Mrs. Gerald Clancy was acting musician. Mrs. Dracup welcomed all those present, then turned the meeting over to Mrs. Gerald Russett who conducted the worship service.

Mrs. Russett's introduction emphasized God's presence everywhere. The hymn, "Thou Gracious God, Whose Mercy Leads," was sung. Mrs. Russett then read Proverbs 31: 10-31 and St. John 19: 25-27. Mrs. Jim Pollock sang "Bless This House." Mrs. Rus-

sett commented on the scripture reading regarding mothers. She pointed out mothers' influence in love, faith, family, home and with regards to Christianity in the home. Mrs. Russett closed the commentary with prayer. The hymn, "Jesus United by Thy Grace" was sung after which Mrs. Russett read an ancient prayer.

Mrs. Howard Wallace and Mrs. Byron Seeley gathered the offering and everyone joined in the dedication, by singing the Doxology.

The minutes read by the Secretary, Mrs. Ken Tompkins, were approved. Mrs. Byron Seeley reported on a bale of clothing being sent.

Programme

The programme consisted of numbers by some of the visiting ladies including readings by Mrs. Everett Parr, of Hoard's, "Like Horses;" Mrs. Burton Sharpe, of Mount Pleasant, "Life's Pattern;" Mrs. Wilfred Spencer, of Rylstone, "Prayer in the Kitchen;" Mrs. Charlie Carter, Burnbrae, "Plenty to Give." The musical entertainment consisted of a piano

solo, "Sweet Bye and Bye," by Mrs. William Heath, of Bethel; vocal trio, Mrs. George Williams, Mrs. Fred McKeown and Mrs. Harry Haslett, of Spring Brook, with Mrs. Ralph Wellman as accompanist, singing, "Lead Me To Calvary;" vocal solo, by Mrs. George Sine, of Minto, with Mrs. V. Hagerman as accompanist, "It Took A Miracle."

The guest speaker at this gathering was Mrs. Edison Sine, of Frankford, who is the Vice-President of the West Hastings Region of the United Church Women of Belleville Presbyterial.

Mrs. Sine took her text from Luke 10: 38-42. She told how many different fields that the United Church reaches into that people are unaware of, such as homes for aged and unwed mothers. She spoke on some work of the U.C.W. on how to conduct the Bible study, being sure never to discredit a person's opinion. Mrs. Sine also asked the ladies to make use of the study book. There are many things in these studies to enlighten us on the mission work being done; also that need to be done. She encouraged all ladies to take part in the work and do their best, as the saying, "If a thing is worth doing, it's worth doing well."

Mrs. Craig Watson thanked Mrs. Sine and presented her with a gift as assistance in her work.

Mrs. Dracup thanked everyone taking any part at the meeting; also those who had assisted in the arrangements, and a special thanks to Mrs. Sine.

The hymn, "Blest Be the Tie That Binds" was sung, after which Mrs. Dracup closed with prayer. The ladies of Wellman's served dainty refreshments to their guests and all enjoyed a social half hour.

A Letter To The Editor

Mr. Editor:
In connection with the recent

Variety Night of the Stirling-Rawdon District High School, I wish to inform the public that the stories which were "off colour" had been ruled out. The responsibility rests with the persons who presented the same. It was just a minor shortcoming of a marvelous variety night!

Mrs. Percy Craighead Hostess To River Valley W.I.

On Thursday, May 7th, nineteen members of River Valley Women's Institute and four pre-school children gathered at the home of Mrs. Percy Craighead where they viewed a large array of spring blooms in her attractive flower garden before the meeting.

Mrs. Vernon Harry presided and opened with the Ode and Mary Stewart Collect.

Mrs. Ernest Carr gave a full report to date which included the April executive meeting. The Treasurer sent her report. The correspondence included thank you cards, a letter from Toronto re the short courses for the Home Economics programme for 1964. This will be discussed at the June meeting. A letter from Miss E. Spouse told of Achievement Day for sleeping garments at Moira Secondary School, Belleville, on Saturday, May 23rd at 1.30 p.m. The Institute members are specially invited to attend. Personal thanks was expressed by two members for a card and a life membership. The District Director or her alternate were unable to attend the Guelph Conference, thus the pooling fee will be returned.

Reports of the standing conveners were given by Mrs. Jack Bush, Mrs. Roy Tucker, Mrs. Roy Irven and Mrs. K. Myers.

A Historical Workshop is being held at the Museum and Mrs. Roy Bush gave a brief message about it.

Mrs. Percy MacMullen, Public Relations Officer, gave a descriptive account of plans for the Area Convention which will be held at Club Canara, Belleville, on Monday and Tuesday, September 14th and 15th. The theme is "Friendship is the only cement that will hold the world together." She said a new Institute has been organized at West Otonabee in the Peterborough District and she displayed a scrapbook of pictures made by her two youngest grandchildren which will later be forwarded to Eskimo Branch in the Yukon where all members are Eskimos.

Several pieces of copper tooling were on display by those who had attended the course at River Valley School Kitchen.

Mrs. Roy Tucker reported for the Friendship Pennies and she read an article from the Countrywoman magazine re sheltered workshops.

Delegates appointed to the Hastings West District Annual were Mrs. Vernon Harry, Mrs. Ernest Carr, Mrs. Roy Bush, Mrs. Percy MacMullen with Mrs. George Heasman as alternate.

Programme

The programme based on Citizenship was opened by Mrs. Malcolm MacMullen who read an article on that theme. Mrs. Roy Tucker gave the motto on the subject, "Keep your word with your children the same as you do with your banker." Mrs. Kenneth Myers read a poem in honour of Mother's Day. Mrs. Alex Bush, co-convenor of the programme, read an article on education while Mrs. Geo. Heasman read a very timely poem.

Topic

The topic was given by Mrs. Percy MacMullen and she gave a descriptive account of the Institutes in the North West Territories and the one in the Yukon. The ones in the Mackenzie District are named Aklavik, Discovery, Fort Good Hope, Fort McPherson, Fort Norman, Fort Providence, Fort Simpson, Caproweta, Delta and Eskimo. Mrs. James Haggerty, President of the Federated Women's Institutes of Canada organized Eskimo Branch at Tuktoyahut which is named Tuk for short and is perhaps the most northerly Institute in the world, unless Greenland can boast a better claim.

Mrs. MacMullen gave a descriptive account of the work of Miss Florence Eadie, Field Worker in Northern Canada. She told of the trip of Mrs. Haggerty and also read a special tribute written by Mrs. Van Beekhoff, President of A.C.W.V. and gave a descriptive account of the women who are Presidents and Secretaries of these eleven Institutes. Indian handicrafts, clean-up campaigns to make Canada lovelier, kindergarten schools, recipe books of northland cookery and Tweedsmuir history books are all special pictures of their work in the north.

Destruction Bay W.I. in the Yukon north of Haines Junction made a quilt and used the money to buy a UNESCO coupon and thus help new development in the north. Their President is Mrs. Trudy Bakke who has lived on the Alaska Highway since 1943.

Forst Simpson W.I. have forwarded crafts to the Montreal May Exhibition and Discovery W.I. have sent their history book to Ottawa. They probably have the youngest President in Canada. She is 22 years of age.

The hostess conducted an apple contest with the winners being Mrs. V. Harry, Mrs. Roy Irven and Mrs. Roy Bush. She also conducted a name contest with Mrs. Ernest Carr and

Mrs. Percy MacMullen winning the awards.

Mrs. Malcolm Mason will be hostess for the June meeting. Following the Queen and Institute Grace the lunch committee Mrs. Jack Bush, Mrs. Ralph Utman and Mrs. Fred McDowell, and the hostess, served light refreshments. Mrs. Roy Bush voiced thanks for hospitality, programme and lunch.

Lake -- Maybee Wedding

A pretty double ring wedding was solemnized in Wellman's United Church on Saturday, April 25th, 1964, when Elizabeth Ann Maybee, daughter of Mr. and Mrs. Everett Maybee, Stirling R.R. 3, was united in marriage to Allan Grant Lake, son of Mr. and Mrs. Wesley Lake, also of Stirling R.R. 3.

Rev. William G. Fletcher, minister of the church, officiated at the ceremony. White bows designated the guest pews. Traditional wedding music was rendered by the church organist, Mrs. Craig Watson, who accompanied the guest soloist, Mrs. Frederick Beckett.

Given in marriage by her father,

the bride was radiant in a full length bridal gown of white net over satin with the bodice having an overlay of lace and featuring a square neckline edged with seed pearls, sequins and crystals and long tapered sleeves. Her shoulder-length veil flowed from a crown of seed pearls and sequins. She carried a white Bible crested with red Sweetheart roses.

Miss Doreen Maybee, sister of the bride, was the matron of honor, dressed in light blue nylon sheer over taffeta, the lace bodice draped with sheer nylon for a cummerbund effect at the front.

Miss Shirley Green, Campbellford, and Mrs. Keith Lake, Stirling, as bridesmaids, wore identically fashioned dresses in light blue nylon sheer over taffeta similar to the matron of honor. Each carried a nosegay of pink carnations and white 'mums', mingled with delicate fern.

The groomsmen were Mr. Roy Lake, brother of the groom. The ushers were Mr. Don Maybee, brother of the bride, and Mr. Keith Lake, brother of the groom.

Following the ceremony a reception was held in the L.O.L. Hall at Wellman's.

The bride's mother received the guests wearing a two-piece beige

sheath dress lace over taffeta with white accessories and a corsage of bronze 'mums'. She was assisted by the bridegroom's mother wearing a blue wool two-piece suit with white accessories and a corsage of pink roses.

For going away the bride chose a green three-piece suit with a corsage of pink and white rosebuds.

Guests were present from Toronto, Schenectady, N.Y., Belleville, Campbellford, Indian River, Norwood and Harold.

They are residing at Wellman's Corners.

The couple both being employed at the Elaine Footwear, were presented with a lovely platform rocker from the employees. Previous to the marriage a miscellaneous shower, honouring the bride, was held at the home of Mrs. Don Snellings, Stirling. The neighbours of the community of Stirling presented them with an ironing board, tablecloth, book rack and mat; Wellman's with a tablecloth and room divider. On Saturday night, May 9th, a shower was held at the home of Mr. and Mrs. Jim Chumbley, Belleville, when the couple received many lovely gifts.

P.S. Bowling

On Saturday morning, May 2nd, the Public School League completed their bowling schedule for this season. Robert Cooke's Jetsons took all 5 points from Cheryle Conley's Unstriceables and Jane West's Hi-Lows took all 5 points from Greg Dafeo's Flintstones.

Robert Cooke bowled the high single of 210 and double of 377. Robert finished the season with a 183 average. There were three bowlers with exactly the same double of 302 — Jane West, Greg Dafeo and Ken Green. Jane Coughlan had a 294 double.

The Jetsons finished in first place and so captured the Jack and Kay Livesey bowling plaque and the \$5.00 donated by proprietor Ray Poste. They were followed closely by the Hi-Lows with 108. In third place were the Unstriceables with 71 and the Flintstones had 49.

Monsignor S. J. Farrell, Former Priest, Observes 50th Anniversary

St. John's Roman Catholic Church in Perth was filled to capacity Wednesday morning of last week by parishioners and clergy of the Kingston, Archdiocese to assist at the celebration of solemn high mass by Monsignor S. J. Farrell, marking the 50th anniversary of his ordination to the priesthood.

Some 60 priests and 40 sisters of various orders attended the ceremony.

Assisting Monsignor Farrell was Rev. M. Walsh, Kingston, master of ceremonies; Rev. W. R. Cummings, of Kingston, a former curate at Perth, as deacon; and Rev. Thomas Brady, Kingston, formerly of Perth, as sub-deacon.

In the sanctuary were: Archbishop J. A. O'Sullivan, Monsignor J. A. Hanley, Kingston; Rev. J. Lacey, vicar-general, Nanaimo, and Monsignor J. A. Carley, Carleton Place. Rev. J. F. Spence, a native of St. John's parish, delivered the sermon.

Following mass, gifts were presented to Monsignor Farrell by the pupils of St. John's Separate School, Catholic Women's League, and the Knights of Columbus.

At noon, Monsignor Farrell was the guest at a dinner for visiting clergy in St. John's Hall.

In the evening, close to 800 citizens from Perth and district visited St. John's Hall to extend their congratulations to Monsignor Farrell.

Monsignor Farrell was born in Drogheda in Ireland and was ordained in All Hallows College, Dublin. He then came to Canada, his first appointment being at Prescott as curate. Later, he served in St. Mary's Cathedral, Kingston; Enterprise, for 7 years; Stirling, for ten years; Marjora, for eleven years, and Perth, for 15 years. He was appointed pastor of St. John's parish in 1949 and became dean of the district.

In 1958, the late Pope Pius XII named him a domestic prelate. "To every parish, Msgr. Farrell brought the traits of the good pastor," the Archbishop said recently in speaking of him.

Monsignor Farrell will sail for Ireland in June to visit his home town where he will mark the actual anniversary with his two brothers and three sisters.

son, closing by a short poem and prayer. Mrs. W. N. Flindall read a short article on the Stewardship of Time.

Study Book

The study book on India was ably presented by Mrs. C. Macklin. Why are we helping India today? Because we believe in India and her leaders and the gospel of Jesus Christ as the life and light of all men. It is a matter of great thankfulness that India's leaders seek moral and spiritual weapons to fight against the evils within their own country and the world at large. Mrs. Macklin spoke of India's "population explosion" of eight millions per year and their refugee problem, as grievous as their do they all live? How can they all be fed? Canada, having the third highest standard of living in the world — ranks only tenth in giving to other nations. Can we help and how?

The last part of the programme consisted of viewing the final film strip called, "The Church in New Testament Times," making clear many things that helped the church to be brought into being and how the New Testament writings came into existence. This series of films has been most interesting. Mrs. H. Waite ran the projector and Mrs. Earl Eggleton read the commentary on them. Mrs. Wells pronounced the benediction.

Afternoon tea was served by the

May group and was much enjoyed. Mrs. E. Wamamaker voiced appreciation on behalf of the ladies.

Safety signals for farm vehicles was stressed, including red flashing and stationary red and amber signals.

A talk was given on "Sunflowers, a New Crop for Ontario." Although still in the experimental stages, it has been found the heads and seeds are valuable for starches, oils for paints and seeds coated with sugar syrup as candy are some of the possible uses.

A biography on rhubarb was given. It was first grown in China and used in various medicines, to the present day usage in stewing and preserving.

Several short readings and the singing of the Queen brought this part of the meeting to a close. The sale of slips and plants, followed by lunch brought the evening to a close.

Do You Remember?

TWENTY-FIVE YEARS AGO

ISSUE OF MAY 18th, 1939

Members of Stirling W.I. honoured Mrs. J. M. McGee, on Tuesday night, prior to her departure for her new home in Toronto. Mrs. Bronson read an address and Mrs. T. Cranston made the presentation of a travelling case.

Messrs. W. Wright, Chas. Vance and H. Moore spent the week-end on a fishing expedition to Plevna. They landed three fine lake trout, one a 12-pounder.

Arthur Gould and Wm. Sutherland were among the graduates from O.A.C.

W. J. Barlow, Bonarlaw, was chosen D.D.G.M. of District No. 45, I.O.O.F., at a recent meeting at Madoc. J. B. Thompson, Stirling, is District Secretary.

Members of the Girl Guides are to be presented to King George and Queen Elizabeth, at Kingston, on Sunday next.

Rylstone W.I.

Rylstone Women's Institute held its Historical Research meeting of the year in the Sunday School room of

Zion United Church on Wednesday evening with a good attendance of members and visitors.

Mrs. Lindsay Anderson, the new President, was in charge of the meeting which opened with the Institute Ode and Creed. The roll call was answered by "My favourite poem." Hostess was Mrs. Stanley Kerr.

There were 9 grandmothers present and they were presented with potted petunias.

Mrs. Carl Reid gave a reading, "I'm Fine, Thank You." Mr. and Mrs. F. M. Rutherford, of Campbellford, former Rylstone residents, were present. Mr. Rutherford gave a fine talk on antiques and displayed several items from his collection which he has housed in the little log cabin museum in connection with his summer cottage on the Trent River at Crowe Bay. His talk was very amusing and instructive and enjoyed by all. The ladies presented them with a potted chrysanthemum in appreciation.

Mr. and Mrs. Rutherford invited the Institute to visit them at their cottage in September.

There was a lengthy discussion on antiques and old times following the programme.

Lunch was served by the hostess and her committee.

The next meeting will be held in June at the Sunday School room of Zion Church with Mrs. Carl Reid as hostess.

Ketcheson Hagerman died in a hospital at Toppenish, Washington, on Monday, May 18th, in his 85th year. The funeral was held in that town and the interment made.

He was a son of the late George Benjamin Hagerman and his wife Margaret Patterson, of Rawdon Township.

He attended the Allan Public School at Mount Pleasant Rawdon and King George High School, Stirling, and Madoc Model School. Following his education he taught at the Harold Public School and later went to Toppenish, Washington, where he married. He had made several visits to the Stirling-Rawdon area to visit relatives since his departure many years ago.

He leaves to mourn his wife, the former Ruth Enslow, four sons, Lawrence, Wilbert, Cecil and George and one daughter, Frances, and several grandchildren. One son, Herbert, is deceased. The deceased members of his family are two brothers, Wilbert Hagerman, Stirling, and Wellington Hagerman, of Rawdon, and two sisters, Mrs. George (Charlotte) White, Stirling, and Mrs. Burt (Elizabeth) Cummings, New York State.

Mount Pleasant Rawdon U.C.W.

Thirteen members and one guest attended the May meeting of Mount Pleasant Rawdon United Church Women at the Hall on Wednesday evening. A flowering azalea added beauty, while posters displayed "Family life in other lands."

Mrs. Donald Knight was in charge of the business. Correspondence included thank you notes and an invitation to Hoard's for a tea. A message was read re a three-day study period in July at Albert College, Belleville, for the women of the Bay of Quinte Conference. The theme is "God's purpose and our response."

The programme was in charge of Mrs. Frank Bailey and Mrs. Robert H. Hoard. The devotional was based on "Happy the Home." Mrs. Harry McAdam read the Bible lesson and Mrs. Bailey read the meditation from "Patterns for Devotion." Mrs. Hoard gave a story re "Family Life in Other Lands."

Mrs. Alton Hadley, Stirling, was introduced, and she showed a movie reel of their recent trip through Mexico which depicted the homes of the natives. The scenes gave a graphic picture of "ways of living," also the zoo with its large variety of animals. Other views were of sheep and goats in the pasture fields. The second reel showed Africa with pictures of Kruger National Park.

Mrs. Robert H. Hoard voiced thanks to Mrs. Hadley and presented her with a gift of remembrance.

John Svoboda Wins Trip To United Nations

John Svoboda, son of Mr. and Mrs. John Svoboda Sr., Mill St., Stirling, has been selected as the winner of a contest among teenage high school sophomores and juniors to take part in the 15th Annual United Nations Pilgrimage for Youth this summer.

John will visit New York from July 22nd to August 5th, 1964, as one of more than 1,000 student observers of the United Nations from throughout the United States and Canada. The project is sponsored by the Independent Order of Odd Fellows and Rebekahs.

Delegates will study and observe the UN in action, see committees and commissions at work in the five official UN languages, and learn of the vast work done throughout the world by such UN departments and agencies as UNO, UNESCO, FAO, and Technical Assistance. They will visit the American Association of the UN and the headquarters of the Canadian

Mission to the UN, as well as those of various other member nations.

International House, where graduates live under one roof, will be visited, and a special feature will be a day at the New York World's Fair — the theme of which is "Peace Through Understanding" and whose symbol is the unisphere.

Sponsors who will pay for the week in New York (and the Educational Bus Tour) are Odd Fellow and Rebekah Lodges of Madoc District No. 45, including lodges from Madoc, Spring Brook, Tweed, Stirling, Campbellford and Thomasburg.

John Svoboda will be among 40 students from Ontario who will travel to New York by bus.

In Memoriam

STAPLEY — In loving memory of a
dear husband and father, who was
taken suddenly from us 18 years
ago.

There is a long and winding road
Along which each must go
It leads beyond the Hills of Time
Into the sunset glow.
But only for a little while
Our loved ones leave our sight,
For just beyond the hills they wait,
In God's Eternal Light.

—Ever remembered by Mrs. Russell
Stapley and family. 8-1p

PROTECTING THE PRESS

The government now proposes to protect the Canadian periodical press. Apparently it was going to adopt, in part, the recommendations made by the O'Leary Commission, but instead of applying it to all American-owned magazines, it would so design the legislation to make an exception of Time and Reader's Digest.

Long a loyal Time and Reader's Digest fan, it pains me to say that this

kind of legislation is bad practice. If the government chooses to help the Canadian periodical press in any real degree, it cannot, in logic, exclude the two big ones and give them a monopoly by barring their American competitors from also coming in.

Time and Reader's Digest are fine magazines, but not truly Canadian. By publishing what they call "Canadian Editions", they gobble up more than a third of the advertising revenue available to native periodicals. They represent formidable competition for all publishers, broadcasters included. To pass laws which would give them special shelter would be highly un-

popular.

Governments make sad mistakes when they temporize with a principle. If there is to be such a law — let it apply right down the field!

Governments, in my opinion, have darn near ruined the press in Canada. In countless ways, they have assisted American publishers to do very well here, because they are free of the restrictions which are slapped on our press. In Manitoba, for example, the liquor advertising laws are so restrictive, Manitoba breweries spend their budgets south of the border or in other provinces which have less restriction on advertising content. It seems that governments, while talking all the while about the need for Canadian culture and unity, have nothing but disdain for the best agents of it. Of course, I am not very fond of governments to begin with... unless they satisfy themselves with governing. Since they won't do that, they ought at least to do their meddling sensibly and with reasonable fairness.

Presbyterial UCW Training Day

On Monday, April 20th approximately two hundred United Church Women of the Belleville Presbyterial met under the capable direction of Mrs. L. Finkle, Foxboro, Chairman of Leadership and Development Committee, for a Training Day in Eastminster United Church, Belleville.

The day began with registration and hymn singing and a welcome to Eastminster by Mrs. Hamm, President of Eastminster United Church Women and by Mrs. F. Smith, of Newburgh, President of the Belleville Presbyterial. This was followed by Bible study conducted by Mrs. T. W. Spear, Trenton.

The main training of the day "Christian Citizenship and Social Action," was very deftly handled by Mrs. J. E. Walde, Newburgh, and her committee with Mrs. G. E. Dobbs, of Belleville, as guest leader. Much information was gleaned from her explanations and portrayal.

Representatives were appointed to attend the School for Leaders to be held in Belleville in July. A question worthwhile day to a close, and answer period brought a very

The Good Driver

CAN HE BE TAUGHT TO DRIVE?

One particular problem in relation to mental retardation is brought into the open by the Ontario Safety League, in quoting from an article by Robert Gutshall, in the magazine Safety Education.

"Many people are shocked by the very idea of teaching a mentally retarded teen-ager to drive. They

wonder: Can a mentally handicapped child pass a driver education course? Can he cope with the complex task of manipulating a car in traffic? And even if he does learn to drive, is it safe to let him take out a car on his own?

"In Lansing, we've discovered that the answer to these questions is a resounding 'yes.' Since 1954, we have taught driver education in school to about 200 'educable mentally retarded' (50-80 IQ) youngsters. And a check of their subsequent driving records show an accident and violation rate that is about average.

"Why teach mentally retarded youngsters to drive? Why teach anybody to drive? For a mentally handicapped person, as for just about everyone else in North America, an automobile is an integral part of everyday living — he uses it for convenience, for transportation, for pleasure, and perhaps even for work.

"In any case, as long as these handicapped youngsters have shown that they can achieve success in driver education, I think they ought to be given the same opportunity to learn that is offered to normal students.

"We have tried several methods for teaching the course. The method we now use is — an integrated class in which retarded teenagers are scheduled into ordinary classes. Only a few special allowances are made for the handicapped youngsters. They are asked to watch their classmates, not to be first in line or first to try a new exercise. When they take a test — and it is the same test given to the rest of the class — it is read aloud to them. In a verbal test, we find that a retarded student can attain an average or above average score because there is often nothing wrong with his verbal comprehension.

"All in all, we are pleased with the success of this programme. Of course, some children — about 16 per cent — are unable to pass the course, even after taking it several times and others — about 6 per cent — we urge never to drive.

"Mentally retarded youngsters constitute about 3 per cent of our school population. In driver education, we have an opportunity to offer these children a rare sense of worth and accomplishment and an understanding of some of their duties to society. Don't we owe them a chance to attain it?"

BELL LINES

by Milton G. Sweeney
your telephone manager

NOT VISIBLE

I suppose it may seem strange bringing up icebergs in May, but it suddenly occurred to me that they have something in common with the telephone business. Just like the greater part of an iceberg, the greater bulk of technological advances in telephone service is not visible to the average person. If asked, I suspect most telephone users would say that 'phone styles have changed over the years, and that transmission has improved markedly, but that in general telephone service serves the same single function today as it did fifty years ago. Not so! For example, telephone lines today carry computer "talk" as well as people's conversations, and carry charts, diagrams, drawing, musical scales and even handwriting as it is being written! Again, telephone lines are used to regulate traffic lights from remote control positions, or to regulate the flow of oil or natural gas in pipelines spanning the continent. But, as I say, many of these aspects are not apparent to the average customer.

CUSTOM MADE

I'd like to bring your attention again to the special telephone handsets that we provide for customers with speech or hearing difficulties. The "handset for confidential conversations" is not only meant for people who wish to speak softly for privacy, but for those who, perhaps as the result of an operation, cannot speak as loudly as they wish. (And for laryngectomies, of course, there is the artificial larynx). The handset for impaired hearing contains a rotary switch that raises the caller's voice-level to desired strength. If either of these handsets, or the artificial larynx, could possibly make your life a little pleasanter, please don't hesitate to call our Business Office and inquire about them.

On impulse, the man had written to an old friend with whom he'd been out of touch for many years. When the out-of-town friend received the letter, he made a Long Distance call to our impulsive pal. "Your letter really surprised me after such a long time," he said. "And what's more... today is my birthday so I thought I'd give myself a birthday present and call you!"

NEWS FOR THE BUSY FARMER

TO HOLD VOTE ON PROPOSED EGG AND FOWL MARKETING PLAN

Acting on the request of the Ontario Poultry Producers' Association, the Ontario Farm Products Marketing Board has announced that it approves of a vote being held on the proposed establishment of an Egg and Fowl Marketing plan.

The vote, which will be held June 22nd to 26th inclusive, will be on the proposals discussed at the public meetings held through the province during February and March.

The aims and objectives of the proposed marketing plan provide for the promotion and advertising of eggs and fowl; provision for research in marketing and the establishment of an Egg Industry Advisory Committee. In addition the plan would provide for a study of the terms, conditions, agreements, charges and costs relating to the production and marketing of eggs. Provision is also made for the setting up of the necessary machinery to finance the programme by means of a two cents license fee on fowl.

During the week of voting, ballot boxes will be open from 9.00 a.m. to 5.00 p.m. in each County. Voting will take place in the office of the local Agricultural Representative. In the case of large Counties, provision will be made for additional polling booths, the location of which will be announced at a later date.

Each producer of eggs will be qualified to vote on certifying, by registration, that he is a producer under the terms of the proposed legislation.

"The terms of the proposed plan were thoroughly outlined at the public meetings held through the province," said an official of the Ontario Farm Products Marketing Board.

BLACKBIRD CONTROL PROGRAM TO COMMENCE THIS SUMMER

A five-year programme of research on the biology and control of blackbirds will be instituted this summer it was announced by the Ontario Department of Agriculture recently.

Divided into two phases the research will be directed to endeavour to discover why there has been such a population explosion of the birds which has resulted in considerable crop damage and to develop methods of control which will result in less damage to crops.

Ontario's Blackbird Control Research Team is now in the process of selecting an area in southwest Ontario that will be most suitable at this stage of the investigation. The main requirements are the expectation of large populations of blackbirds and large acreage of corn so that reliable measurements can be made to the control measures on both the birds and crop damage.

While the operation will be carried out by the Ontario Agricultural College, the programme is subject to the approval of the Canadian Wildlife Service and the Ontario Department of Lands and Forests. This is important in dealing with birds that range over the whole North American continent.

As man's use of the land becomes more intensive, competition between man and wild animals increases. The need for more effective control of bird and mammal pests has increased whether damage is to crop, forest, range, stored products, or aircraft. Furthermore, selective control measures are required since general methods may kill both beneficial and harmful species. Among the most serious wildlife pests at this time are blackbirds and starlings. They attack grain and other crops throughout North America causing many millions of dollars in losses each year. The United States Bureau of Sport Fisheries and Wildlife estimates that there are more than 214 million blackbirds of various species and starlings in North America.

No country in the world has achieved a completely satisfactory solution to the problem of certain species of birds that expand beyond tolerable limits. The United States, however, has conducted research for many years on a wide variety of techniques and it is the further development of some of these techniques that the Ontario Blackbird Research Team will have to use this summer. These include the use of special traps such as the searchlight trap which has been used by the United States Fish and Wildlife Service in Arkansas to trap more than 120,000 blackbirds and starlings in one night's setting, and they use various sound repellants which have been used widely at the Denver Wildlife Research Centre.

STUDENTS VISIT KEMPTVILLE SCHOOL

The 11th annual invitation-to-visit the Kemptville Agricultural School brought 850 high school students from Eastern Ontario during the week of May 4th to learn first-hand of the facilities available at Kemptville for instruction in agriculture, dairying and home economics.

Arriving by bus and car loads at 10.00 a.m. the students started the day by viewing an agricultural film in the auditorium, followed by a welcoming address from Principal A. M. Barr. The students were then divided into groups and taken on conducted tours of the School buildings and campus where the instructors put on displays and demonstrations to show the content of the School curriculum.

After lunch the students visited the School farm, green houses, home economics and other laboratories. At three o'clock they assembled briefly

before boarding their buses for the return journey.

CONSERVATION NEWS

FOREST PRODUCTS FROM PRIVATE LAND IN TWEED DISTRICT 1962-63

For some years the Dominion Bureau of Statistics has been estimating amounts of timber products cut from private land in the Tweed Forest District. This is done by sampling various classes of landowners in various representative areas. The samples are chosen and the statistical work is done by the Bureau while the actual enumeration is done by the Department of Lands and Forests.

The following information was returned for the Tweed Forest District during the year 1962-63. Statistics of this sort are of considerable value in that, over the years, trends of production for various products are established and some idea of the general health of the industry can be gained. It is also possible to gauge the potential pressure on Crown timber in the district if private production is reduced. Eventually, with some accuracy a money value of production can be set and thus the timber industry placed in a proper perspective with regard to other industries and the timber industry in other areas.

Sawlogs and Veneer logs — Hardwood, 6,288 MFBM; softwood, 2,935. Total 9,223 MFBM.

Pulpwood (rough and peeled), 28,769 cords; Fuelwood, 43,829 cords; Poles, 30,311 cubic feet; Posts, Rails, Pickets, 406,795 pieces; Tie Blocks, 21,737 pieces. Total production, 8,422, 128 cubic feet.

FOREST PROTECTION

This is the season of the year when grass fires cause a great deal of concern to property owners and the Department of Lands and Forests.

Grass fires are difficult to control even with light winds and frequently result in burned buildings, fences and plantations.

The effects of rain in reducing grass fire hazards are usually of short duration. A few hours of sun and wind, following even heavy showers, will find the grass dry and ready to burn.

A reminder that a Fire Permit is required within the Fire District before fire is set out to dispose of grass, brush or other debris.

Put First Things First

Heart disease is our country's Number One killer. Each year more than 66,000 Canadians die as a result of heart and blood circulatory disorders. In addition, there are in Canada some 1,250,000 persons including 50,000 children, who have been disabled by heart disease.

The Ontario Heart Foundation is your number one defense against this dread killer. Medical scientists, supported by the Ontario Heart Foundation, have made dramatic progress in saving and prolonging the lives of thousands of heart victims.

Research has already provided the knowledge needed to reduce recurrence of heart attacks, prevent rheumatic fever, repair damaged heart valves, develop heart-lung machines, and perfect drugs which retard blood clotting.

But more research is needed to find the answers to heart attack, stroke, heart failure, high blood pressure, and other forms of heart diseases.

You, your family and your business — all have a vital stake in the fight against heart disease. Call the Ontario Heart Foundation for useful and informative information. Give your heart YOUR number one consideration.

THE BIBLE TODAY

Penzotti Institutes are springing up in many countries. Dedicated to training volunteers in the art of careful distribution of the Christian Scriptures, the first Penzotti Institute was held in 1962 in Mexico City. This course of study lasted nine months.

Subsequently revised, the course now is of a "crash" nature, lasting only a few weeks. One class held in Puerto Rico in 1962 enrolled 200 night students, most of whom had jobs during the day.

Practical training and field work are the means of teaching Scripture distributors for Latin America who will be efficient salesmen as well as effective evangelists. In co-operation with local churches, teams of Penzotti students visit homes in an

effort to give people the Word of life. Realizing that it is not enough to distribute the Scriptures, even though they are sold, the students' deeper concern is to encourage the reading and study of the Bible. All results are carefully evaluated.

Francis Penzotti was born in Italy and emigrated to Uruguay as a boy. He was converted through reading a Bible. He spent the rest of his long life knocking the Scriptures he loved. His name has been given to the training programmes throughout Latin America and now in Africa dedicated to the wider circulation of God's Word.

St. Andrew's Presbyterian Women

On Thursday, May 14th, St. Andrew's Presbyterian Church Women, Stirling, held their regular monthly meeting after a very successful quilting and pot luck dinner convened by Mrs. Walt Rodger's group.

Mrs. James Johnston presided and opened the meeting with a recipe for a "good meeting." The hymn, "What A Friend We Have In Jesus" was sung, followed by the Scripture reading and meditation by Mrs. Bert Cook, based on the lesson of the woman at the well. Mrs. Cook mentioned the fact that Jesus went out of His way many times to help others, and we today could do well to follow His example. However, it would invariably cost us something, either time, money or talent, and we say we do not have time when the truth is that we will not take time.

After repeating hymn 578 as a pray-

er, Mrs. T. Dodds gave another interesting chapter of the study book, giving a deeper insight of the missionary situation in India.

During the business portion of the meeting the various committees reported on their work. The ladies are going to sponsor a supper for the Junior Choir after choice practice on Thursday, May 28th. Anyone wishing to help with this effort is asked to contact Mrs. Bert Cook. Further arrangements were made regarding the tea and bake sale next month at the Manse.

Work on the quilt and other handicrafts took up the remaining time and lovely refreshments were served by the committee in charge bringing to a close another day of fellowship together.

John Kenneth Ray and Edith de Jong Exchange Marriage Vows

Baskets of pink and white gladioli formed the setting for a beautiful spring wedding at St. Paul's United Church, Stirling, on Saturday, May 16th, at four o'clock, when Edith, daughter of Mr. and Mrs. Wiegand, became the bride of Mr. John Kenneth Ray, son of Mr. and Mrs. Kenneth Ray, of Stirling. Rev. P. J. Hommeren officiated at the double ring ceremony. The guest pews were marked with white satin bows.

The traditional wedding music was played by Mrs. Harry Brown, Church organist. The soloist was Mrs. Wm. Bailey, of Simcoe, sister of the groom, who rendered "The Lord's Prayer" prior to the ceremony and "The Wedding Prayer" during the signing of the register.

Given in marriage by her father, the bride was radiant in a full length, full bodied gown of silk tulle, fashioned with fitted bodice of imported lace, trimmed with delicate hand beading of sequins and seed pearls, and full length lily-point sleeves. The bouffant skirt was accented by lace appliques. Her shoulder-length bouffant veil of silk illusion with scalloped edging, fell from a large chiffon rose with petals of tulle.

She carried a cascade of yuletide roses and stephanotis surrounded with white tulle and fern.

The bride's attendants were her sister, Mrs. J. Lutendoff, of Sharbot Lake, as matron of honour, and Miss Linda Anne Morrow, of Stirling, and Miss Barbara Fobert, Belleville, as bridesmaids. All were similarly attired in sheath dresses of aqua nylon organza over taffeta, with scoop neckline set in short sleeve fitted bodice, with tiered skirt and overskirt of full nylon organza. The matron of honour carried a cascade of aqua and white poms, with fern and white tulle, and the bridesmaids colonial bouquets of aqua and white poms, with fern and white tulle bow and streamers. Their headresses were wedding ring bands of matching material with small flowing veils.

Mr. Glenn Floud, Stirling, was the best man, and the ushers were Mr. Jan Lutendoff, brother-in-law of the bride, and Mr. Wm. Bailey, brother-in-law of the groom.

At the reception in the I.O.O.F. Hall, the bride's mother received the guests in a street-length sheath of champagne beige French lace over taffeta, with matching jacket. The latter featured a jewelled adjustable neckline and three quarter sleeves. Her accessories were of a deeper tone and she wore a corsage of yellow feathered carnations tipped with shrimp and gold bow.

She was assisted by the mother of the groom in a dusky rose lace and crepe dress with matching accessories. Her corsage was of white feath-

J. L. Good Honoured By Library Board

At the regular meeting of the Stirling Library Board on Tuesday evening, Mr. John L. Good, who has tendered his resignation, was presented with a silver tray in recognition of his services to the Board.

In a few well-chosen words, Mrs. Gordon Bailey made the presentation on behalf of the other board members, thanking Mr. Good for the more than twenty years that he had been on the property committee of the board. Mr. Good voiced his appreciation for the remembrance.

The board is grateful to the Stirling Horticultural Society for its gift of an excellent book on the art of flower arrangement, and to the Rotary Club and Boy Scouts representatives who give us the magazines, "The Rotarian" and "The Canadian Boy" respectively, for the enjoyment of our readers.

A new magazine to our racks "The Canadian Consumer" should be a useful guide to careful buyers.

A Freak Tulip

Many fine displays of tulips may be seen in local gardens, but Mrs. Roy Tucker picked an unusual floral growth from her flower bed on Sunday last. Three large tulips were growing from one main stock, the flowers being perfect in formation and mauve in colour.

In Hospital

Mrs. Grant Potter is a patient in Kingston General Hospital, where she was admitted on Sunday.

John Villette, Edward St., is a patient in Belleville General Hospital, where he was admitted on Monday night.

Mrs. Allan R. Wannamaker, 134 Church St., was taken to Belleville General Hospital on Sunday.

Juveniles Organize

Stirling Juvenile Softball Club has been re-organized and plans completed for the season. The locals will play in Marmora on Sunday afternoon at 2 o'clock.

Bob Anderson will again coach the juveniles, with his brother Ross as manager. Allan Bird is the Secretary-Treasurer.

those less fortunate than ourselves.

Rebekah President
Sis. MacDonald, President of the Rebekah Assembly, in her address called upon the members to support their Noble Grand and officers. The members should sponsor worthwhile projects and she urged them to lend their support to the erection of a chapel at the Oddfellow Home in Barrie. She closed with a poem entitled "Doing the Best You Can." Mrs. MacDonald was presented with a money hat in a humorous skit and thanked the members for their gracious welcome and gift.

Sis. A. Whitehead expressed her appreciation for kindness shown and was presented with a gift by Sis. Eileen Dufour.

Sis. M. Foster, District Deputy President, spoke briefly, expressing her pleasure in serving as the chief district officer, and was presented with a gift by Sis. Mary Hulin. Sis. Edna Fox, Bro. F. MacDonald, Bro. Whitehead and Bro. Guy Bradshaw, Grand Messenger, also spoke briefly.

The lodge was closed by the officers of Oakdale Lodge, Madoc, after which a short program was presented with Sis. Bessie Patterson in the chair.

A reading was given by Sis. Florence MacMullen, and a solo by Sis. Verna Woodbeck, followed by a mock wedding by members of Oakdale Lodge, Madoc.

At the conclusion of the programme refreshments, consisting of a variety of desserts, were served in the dining hall. Those present received favours, compliments of R. E. and Mrs. Fox, and Sis. Doris Sine voiced thanks to the ladies who convened the lunch.

ANNAMAE CLARKE

Wins Gold Medal Award in Nursing

Congratulations go to Miss Anna-mae Clarke, of Stirling, who won the Gold Medal award for nursing at the Belleville General Hospital. The presentation was made at the Graduation Exercises held in Belleville College on Monday night.

Miss Clarke is the daughter of Mrs. Harry Clarke and the late Mr. Clarke, Mill St. She was educated in Eggleston Public School and Stirling-Rawdon District High School.

Valedictorian

The valedictory address was given by Miss Clarke, who spoke on the feeling of accomplishment which the class had and their many memories. She compared nursing education to the construction of a building. In a complex society the nurse sees many phases, new life and its opposite, death. It was not an easy task, but it had helped them to become mature in their profession. Sometimes the difficulties encountered meant they had to do some reconstruction at times. Miss Clarke gave sincere thanks to all who had shared the past years of training and to the parents of the graduates.

4-H Annual Ottawa Bus Trip Enjoyed

One of the highlights for 4-H members each year is their Annual Bus Trip to Ottawa which is sponsored by County Council. This trip is awarded to the high member in each 4-H Agricultural Club with 85% or over and the 4-H Homemaking Club members who receive County Honors (6 projects completed). On Thursday, May 21st, a chartered bus load of 4-H members accompanied by Lyall MacLachlan, Assistant Agricultural Representative, and Miss Elizabeth Spouse, Home Economist, travelled to Ottawa.

At Ottawa, the Hastings group were joined by a busload from Prince Edward County. Mr. Robert Temple, Mr. Rodd Webb and Mr. Douglas Alkenbrack, Members of Parliament for Hastings and Prince Edward welcomed the group and guided them through the Parliament Buildings, explaining the history and features of the library, tower, senate chamber and other committee rooms. 4-H members were privileged to be able to spend sometime observing the House of Commons and the Senate in session. Dinner was enjoyed at the Parliamentary cafeteria, thanks to the three Members of Parliament.

In the afternoon members visited the RCMP barracks and later had a tour of the Central Experimental Farm.

Both groups stopped for supper at the Westgate Shopping Plaza in Ottawa before returning home.

A bright sunny day, with thousands of tulips at their peak of bloom made the gardens and driveways a sight all present will long remember. A sincere thank you to County Council, Mr. Temple and Mr. Webb for their generosity in making the trip possible and so enjoyable.

What Others Say

ROBERTS DID IT

The real hero of the pension drama, if there was one, was Premier John Roberts of Ontario. If Canadians in all provinces are paid uniform pensions in the years ahead they may thank the quiet-spoken, earnest man who now occupies the corner office on the second floor in Queen's Park. He is the one chiefly responsible — not Prime Minister Pearson or Premier Jean Lesage.

Roberts was the key piece in the pension jigsaw. If he had succumbed to Ottawa pressure during the Ontario election campaign and had accepted the LaMarsh version of the Canada Pension Plan, at least two different schemes would have come into force — one in Quebec and another in the rest of Canada.

If he had buckled under to federal pressure after the Dominion-provincial conference last November — when he was being accused of scuttling the plan for national pensions — the same thing would have happened.

Ottawa could have gone ahead with its scheme without Jean LeSage. But it could not proceed without both Jean Lesage and John Roberts, in spite of the brave boasts to the contrary that came from the Federal Government. Roberts' firmness was therefore a major factor in causing Mr. Pearson to negotiate with Quebec. —By Thomas Green, in the Winnipeg Tribune.

Dan Harris Eligible For All Ontario Meet

Last Saturday Eileen Redcliffe, Gail Ray, Bonnie Visser, Ken Smith, Dan Harris, Ross McIntosh and Ray Wellman represented the Stirling-Rawdon District High School in Oshawa at the COSSA Track and Field meet. It was an exciting day as more than thirty schools participated. Although the local school did not gain many points they did show good sportsmanship which was not always prevalent in other athletes. The Stirling athletes gave their best and the coaches sincerely thank them for their courage and fine efforts.

The only points Stirling attained were acquired through Dan Harris' second place in the Intermediate discus. Although he threw the discus 128 feet, the winner broke a record and threw it 131 feet.

This standing qualifies Dan for the all Ontario meet at the University of Waterloo in Waterloo next Saturday. It is quite a privilege to be in the all Ontario (OFSSA) meet and we wish him all the best as he represents Stirling.

The druggist greeted his friend and customer with: "Hi, Jack. Did that mud pack I sold you improve your wife's appearance any?"

Replied Jack: "Well, Doc, it did for the first few days, but then it started to wear off."

Honour Couple With Presentation At Wellman's Corners

On Friday evening a double presentation party was held in Wellman's L.O.L. Hall in honour of the newly married couple, Mr. and Mrs. Allan Lake (nee Betty Maybee). The group represented the Wellman's community and the bridegroom's neighbors and friends at Stirling.

Mr. Craig Watson was master of ceremonies in the absence of the pastor, the Rev. W. G. Fletcher, who sent his regrets. Mrs. Watson was piano accompanist for the singing and vocal solos.

Selections were read by Mrs. John Carlisle, Mrs. Stewart Hoover and Mrs. Jack Dunham. Gordon Morton contributed an accordion solo and Virginia Pollock and Carol Seeley each gave a piano selection. Vocal selections were rendered by Jeanette Dracup and Mrs. Marguerite McMullen. Mrs. Burton Morton and Mrs. Percy MacMullen contributed humorous readings. The closing number was a vocal duet in honor of the bride and bridegroom contributed by Mrs. Jim Pollock and Mrs. Fred Beckett.

The honored guests were given seats of honor and George Carlisle read an address on behalf of neighbours and friends at Stirling. The presentations of an ironing board and cover, a lace tablecloth, scatter mat, blue wool blanket and magazine rack were made by Mrs. George Carlisle, Messrs. Ross Carlisle and Ralph Jeffs. Mrs. Gerald Russett read an appreciative message on behalf of Wellman's community and Messrs. Ted Preston and Kenneth Tompkins made the presentation of a room divider and floral tablecloth.

Allan and Betty voiced appreciative

thanks to both groups for the lovely gifts and invited one and all to visit them in their home at Wellman's.

The hostess group served refreshments and all enjoyed a social half hour, after which they extended best wishes to the young couple.

Another Boating Season — Make It A Good One

During the recent holiday week-end thousands of cottages have been opened up for the first time all over Ontario. Plans are being made for a summer of relaxation and enjoyment on our wonderful waterways. The Ontario Safety League would like to remind everyone that only the right approach to the use of boats, motors and water skills will insure a summer of fun and pleasure unmarred by tragedy.

The first step is to inspect the hull of your boat thoroughly to be sure it is in seaworthy condition, and if not, make the necessary repairs before putting it in the water. Then check over your motor and all safety equipment, making necessary repairs and replacements. Remember that the Law requires a pair of oars or paddles, a bailing bucket or bilge pump and a government approved lifejacket or lifesaving cushion for each passenger in the average outboard power

boat. And just a word of warning, if your lifejackets or cushions are not in good condition replace them even if they are government approved. Mooring and anchor lines are important pieces of equipment for the safety of both craft and passengers, if they are not in good condition buy new ones. It is advisable to carry an approved fire extinguisher in any gasoline powered craft even if your boat is not of the size and type where it is required by law. Carbon tetrachloride extinguishers are no longer acceptable for use on pleasure boats. An adequate tool kit and spare shoe pins can save you lost time and embarrassment. If you are operating your boat at night it is important that navigation lights are in good condition and burning, red and green lights in the bow and a white light showing all around the horizon on the stern.

The second step in insuring your pleasure and enjoyment for the summer is to know the Rules-of-the-Road and Rights-of-Way and practice them. This knowledge combined with common sense and courtesy on the water will make for a boating season of fun and safety.

Entered Into Rest

MRS. R. B. HANSEN

(Kingston and Stirling)

The death of Mrs. R. B. Hansen, aunt of Mr. Chas. Davidson, of this

Village, occurred in Belleville General Hospital on Tuesday morning. The late Mrs. Hansen formerly resided in Kingston but had spent the last three months at the home of her nephew here. She was in her 86th year.

Resting at the Vice & Craig Funeral Home, Winchester, from where the funeral took place today (Thursday) at 2:00 p.m. Interment in Brinston Cemetery.

Mount Pleasant Messengers Met

The Messenger group convened in the Church Hall on Sunday morning with Judy McAdam as pianist. The theme of the devotional was "Give thanks through sharing." Joyce Jeffs gave the call to worship.

Mrs. Frank Spencer gave the prayer, Brenda Campbell the Scripture and Mrs. Raymond McConnell the meditation. Fred Jeffs and Donnie Campbell gathered the offering which Nancy Johnson dedicated.

The two leaders, Mrs. R. McConnell and Mrs. F. Spencer outlined the study chapter to the Junior and Primary groups. Gordon Hoard gave his report and read a story. Piano selections were rendered by Nancy Johnson and Judy McAdam. The balance of the time was used for various games.

One good thing about silence is that it can't be repeated.

Merrie Bowlers Win Lyons Footwear Play-Off Trophy

Wednesday afternoon the Merrie Bowlers again were victorious in bowling for the Lyons Footwear (Canada) Limited Ladies' Play-off Trophy.

Each lady's league is invited to send their top six highest average bowlers in the competition. The winner is the team with the highest total pinfall (five scores to count) at the end of two nights of bowling.

At the end of the first night the Friday Afternoon Energetic team were ahead by a mere nine pins.

The last night it seemed as if the Merrie bowlers could do nothing wrong and they ended up 94 points in the lead. Most of these girls far exceeded their year's average. Members of the winning team were Bessie Hewton, Phyllis Pearce, Marilyn Pollock, Barbara Noble, Ollie Orser and Sandra Taylor.

Congratulations girls and to the other teams, better luck next year.

Eastern Ontario Mixed Doubles Contenders

The last two Friday nights at the Stirling Bowl-O-Drome, male and female bowlers have been pairing off in couples to bowl for the right to represent Stirling in the Eastern Ontario Mixed Doubles Tournament, being held this year in Tweed on May 31st at 2:00 o'clock.

This year Stirling is allowed to send two couples, those with the highest total pinfall for three games, Verna Woodbeck and Doug Sca, top scores, and Rosa Spry and Paul Adams. Good luck at Tweed.

SPRING RHUBARB

When the first rosy stalks of rhubarb appear in home gardens and local markets it's time to make your family's favourite rhubarb desert. What better way to herald in the spring than with a tart and tempting rhubarb pie or pudding!

This hardy perennial although botanically a vegetable, a member of the buckwheat family, is regarded as a fruit for cooking purposes because of its high acidity. As a commercial crop it is extensively grown for the early summer market and it is forced for winter use.

The home economists of the Consumer Section, Canada Department of Agriculture, suggest when buying rhubarb to select firm, crisp, tender, and colorful stalks. As rhubarb grows older, the stems become tough and more strongly acid. Small or medium stalks are likely to be more tender than large ones.

Rhubarb is fairly perishable and it is best to use it as soon as possible after buying it. If you are not going to use the rhubarb right away, cut off the whitish stem ends and the leaves and discard them, then store in the refrigerator in a moisture-proof container, plastic bag, foil, or waxed paper.

When cooking rhubarb, make the most of its natural bluish-pink colour and do not peel the stems—just wash and cut the stalks in one-inch pieces, sprinkle with sugar, and either stew them in a small amount of water; or bake covered in a moderate oven (350 degs. F.) for about 40 minutes or until the rhubarb is a rich red colour. The skin provides colour and helps to hold

the pieces in shape.

Why Not Freeze Some

If you have taken advantage of the seasonal low price of high quality rhubarb by buying large quantities, why not freeze some? Rhubarb is very easy to freeze as it can be packed without any sweetening. Home frozen rhubarb is a real treat for mid-winter desserts next year.

The home economists of the Consumer Section, Canada Department of Agriculture, suggest the following method:

Choose tender rosy rhubarb. Cut off the leaf and root ends, wash and cut the stalks in 1-inch pieces and pack without sugar into freezer bags. If you plan to use plastic bags saved from other purchases, check to make sure they are solid with no ventilation holes. Twist the top of the bag as close to the rhubarb as possible to ensure that very little air is left. Then fold over the top and twist on a metal closure, or use an elastic band, and then place the package in the freezer at 0 degs. F. It's a good idea to pack the right amount for one serving for your family in each bag; for example 4 cups of rhubarb for one 9-inch pie.

You can also freeze cooked rhubarb sauce, sweetened to your taste. Cool it well before packing into containers.

Freezing not only retains the good colour, flavour and texture of the rhubarb but much of the original food value as well.

OF MANY THINGS

YOU SHOULD HAVE STYLE

Somewhere in every article written about John F. Kennedy after he was shot you will find this comment: "He had style." Tom Wicker, writing in Esquire, called it "the wry and derisive style of the man;" and others have called it a certain gracefulness, an amused sense of humility, and in various ways sought to describe it. All agreed that he had style.

We should all have style. Style is not an accident. It follows upon best effort. It springs from personal integrity. Kennedy always took with several grains of salt anything laudatory said about him. He had an innate modesty, a virtue he praised in others. He once said, "This ability to do things well, and to do them with precision and with modesty, attracts us all."

Style comes from self-sufficiency. When Kennedy urged the people not to ask what the country could do for them, but what they could do for their country, he wasn't spouting platitudes. He was stating his own creed. And his style sprang from such firm beliefs.

The man with style, while modest, must like himself. Self approval cannot come to those who are receivers, never givers. One cannot end a sloppy, non-productive day, without some self-distrust; and where a man does not approve of himself and his works, there is no style.

He had amazing candor for a politician, and that was part of Kennedy's charm. After his first two years in office he confessed, "It is much easier to make the speeches than it is to finally make the judgments." Style is largely candor, especially when speaking about yourself. There is nothing quite so striking as absolute honesty.

Is it possible for you and me, at this late date, to develop style? Fortunately, the psychologists give a reassuring positive to that question. The moment each of us begins to ask what we can do, what we can contribute to life, the seed of style is in fertile ground and will grow.

You should have style.

FREDERICK DANIEL FLEMMING

The funeral service of Frederick Daniel Fleming was held on Tuesday, May 19th at 2 p.m. from the B. A. Curtis Funeral Home, Havelock. The Rev. John King officiated at the service.

Pallbearers were members of the Royal Black Perceptory No. 946 and L.O.L. No. 326, Havelock.

Mr. Fleming died Saturday, May 16th in Sunnybrook Hospital at Toronto, where he had been a patient since September 1963. He was in his 79th year.

Born in Campbellford, Ont., on August 8th, 1885, Mr. Fleming was the youngest son of the late Rebecca Boote and William Fleming. Four sisters and two brothers predeceased him. His wife, the former Christiana Frost predeceased him in 1959.

He leaves to mourn his loss one son Sgt. W. E. Fleming, RCAF Trenton; two daughters, Mrs. Cecil (Rheta) Hood, R.R. 3 Frankford, and Mrs. Earl (Elsie) Ketchen, R.R. 1 Harold, and six grandchildren, Vicki, Brian, Rosa,

lee, Allen, Clinton and Kathy.

Mr. Fleming was a member of the Royal Canadian Legion Branch 339, Havelock, and served overseas in World War I with 156th Batt. A.O.R. He was a member of L.O.L. No. 326 Havelock and the Royal Black Perceptory No. 946 Havelock.

A memorial service under R.B.P. No. 946 was held Monday, May 18th at 8:00 p.m. for the late Mr. Fleming. Interment was in Maple Grove Cemetery under the direction of the B. A. Curtis Funeral Home, Havelock.

The Good Driver

Here's a sombre statistical warning from the Ontario Safety League. In accidents that occur at highway speeds, the likelihood of death increases about 10 per cent for each one-mile increase in speed over 55 mph. Thus, the chance of being killed is twice as great in a 65 mph crash as it is at 55 mph.

A new type of traffic signal is being tested in several Quebec municipalities. The signal is horizontal, in place of the traditional vertical arrangement. There are two red squares—one each end of the signal—instead of the usual red circle. The green remains the conventional shape, but the amber warning is now an eight inch diamond. The distinctive shape for each colour is claimed as a boon for the color blind, and it is hoped these horizontal signals will reduce accidents, especially to pedestrians.

000—000

1963 was a grim discouraging year for all who are interested in traffic safety. Accident figures for Ontario were up substantially in all categories, says the Ontario Safety League. Most increases were far greater than the increases in number of vehicles. Here are some of the 1963 figures, together with the percentage rise over 1962:

All accidents, 104,919, up 11.3%; Fatal accidents, 1,222, up 7.3%; Total deaths, 1,421, up 2.7%; Total injured, 47,801, up 14.4%; Pedestrians killed, 355, up 11.6%; Vehicle registration, 2,262,826, up 4.2%.

000—000

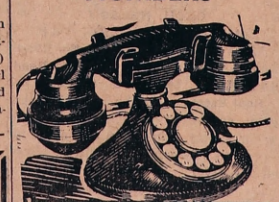

The law says you must not apply your brakes on a curve. But that isn't a man-made law. It's the natural law of centrifugal force which works to skid your car outwards, whenever you take a corner. Braking on a curve greatly increases the danger of losing control. "Brake on the straight" says the Ontario Safety League.

000—000

You help protect the driver behind when you keep well back from the car ahead. But the driver behind, says the Ontario Safety League, is liable to start punching his horn to show his indignation at this treatment.

There are about 55 million acres of native range and potential northern pastureland in Canada.

THE BIBLE TODAY

Widow Sym Chung Sook, employed as domestic help in a Korean home, paused in her dusting to page through the Bible Society magazine lying on the table. She dearly loved her own Bible and was naturally interested in anything associated with it.

When the Communists had occupied her village during the fighting, it was the message of the Bible which had kept alive in her the faith that the horror would pass and all would be well with her three young sons. Now, years later, she was reading the fascinating account of a Society in Korea which actually lost money in order to make the Scriptures available to the poorest in the land.

This widow knew all about the harshness of poverty but she also knew the hunger of soul which only God's Word can satisfy. There and then she decided to set aside what she could out of her meagre earnings of less than \$6 per month to help this great cause.

"The other day," says Secretary Young Bin Im, of the Korean Bible Society, Seoul, bringing as a thank-offering her savings amounting to something like \$60.00.

NEWS FOR THE BUSY FARMER

LET FINISHING PIGS EAT THEIR FILL SAYS EXPERT

Tests completed recently at a federal experimental farm indicate there is little economic advantage in restricting the feed intake of finishing pigs.

The observation comes from Dr. S. E. Beacom, a specialist in animal nutrition at the farm.

For the tests, 128 pigs were fed finishing rations from 120 pounds to market weight. Half of them received a ration containing 50 per cent oats and the others were fed a ration based on wheat and barley.

Half the pigs in each ration group were allowed to eat as much as they wanted while the remainder were restricted to 80 per cent of the amount consumed by the fully fed animals. Within each of these treatment groups of pigs were marketed at four different weights.

The test showed:

Pigs on a restricted feed intake graded 47 per cent A's and brought a \$7.54 profit. Fully fed pigs graded 33 per cent A's and netted \$7.40.

Pigs fed the oat ration graded 50 per cent A's and returned a profit of \$7.88 while those fed the wheat-barley

diet graded 30 per cent A's and brought a profit of \$7.05 each.

Pigs marketed at 180, 195, 210 and 225 pounds graded 41, 63, 50 and 6 per cent A's in that order. The returns averaged \$5.80, \$8.22, \$8.64 and \$7.15 in the same order.

From the standpoint of carcass grades, says Dr. Beacom, the best results were obtained by marketing at 195 pounds after finishing pigs on a restricted intake of the oat ration.

On the other hand, full feeding of the oat ration and shipping at 210 pounds gave the best market returns.

Dr. Beacom points out, however, that the effect of market weight on carcass quality and profit found in these tests must be interpreted by the producer with caution. The quality of pig, as well as the energy level of the ration fed, will undoubtedly have an important influence on the optimum market weight. Pigs of good bacon quality can be fed to heavier market weights than can those of poorer quality without adversely affecting grades or returns.

If in doubt as to the optimum market weight, it is better to ship within the 190 to 200 pound weight range than at heavier weights, the researcher advises.

Outstanding Sires At Eastern Breeders

Information has been received from the R.O.P. Department, Canada Department of Agriculture, that two new Eastern Breeders sires has now been proven on a Contemporary Comparison basis. They are both firsts for Eastern Breeders Incorporated in their breeds. Comfort Farms Traveler, a Guernsey Sire, is now Plus Proven for both Type and Production as is Brampton B.P. Servant, a Jersey sire.

How's This?

Less Feed More Profit!

Poultrymen who are willing to take a little extra care rearing their pullets on range will find it profitable to restrict their feed.

Researchers at two Canada Department of Agricultural Research Stations found that restricting the feed to growing pullets resulted in increased profits, fewer small eggs, and a little less hen house mortality than those reared on full feed.

Control of Weeds In Pastures

What a boon to farmer if grass production from permanent pastures could be boosted three or four times!

In Eastern Canada there are thousands of acres of such land on which the owners apply fertilizers for this purpose without getting the best results.

The obstacle generally is broadleaved weeds.

L. P. Jackson of Canada Department of Agriculture has investigated the effects of weeds on pasture growth and has suggested a solution: A combination herbicide and fertilizer programme.

Permanent pastures are often located on rolling, steep or rough terrain, where cultivation is impractical and where dandelions, hawkweed, plantain and similar species are a problem.

In his permanent pasture experiments, Mr. Jackson found that in some plots, particularly those receiving an unbalanced fertilizer mixture or no fertilizer at all, 45 percent of the growth was weeds. Applying a recommended quantity of complete fertilizer reduced the weed stand to 15 percent of total yield and increased grass from 750 lb. dry matter to about 2,600 lb. dry matter per acre.

But even better results were obtained by combining herbicide treatment with fertilization. This reduced weed percentage to a low point of one per cent and increased output of grass to more than 3,100 pounds dry matter per acre. This was four times the original grass yield.

Herbicide treatment was simple. Pastures were sprayed in early spring at the start of growth and again in mid-August when young biennial weed seedlings were beginning to grow. The spray used was 2.4-D at the rate of 12 ounces of acid per acre. The increased grass production and reduction in weed growth were recorded for the year following this treatment.

New Techniques For Heart Disease

The research supported by the Ontario Heart Foundation has produced many new techniques and theories to help further the cause of heart disease in Canada. One of these discoveries has been the use of the heart-lung machine which is used during intricate heart operations. Did you know that it takes 24 pints of fresh blood just to get one of these machines operating? In the City of Toronto it is possible that 8 or more operations of this type are performed in one day, and therefore many pints of fresh blood are required.

The Red Cross Transfusion Department supplies the hospitals with blood so they are always looking for blood donors. Why don't you drop into your local clinic (Belleville) and give a pint of blood that may help save a life.

For further information on the heart and heart disease contact the Ontario Heart Foundation, 22 College Street, Toronto.

THE PRAYER OF THE TREE

To the wayfarer—

Ye who pass by and would raise your hand against me
Harken ere you harm me!
I am the heat of your hearth on the cold winter nights,

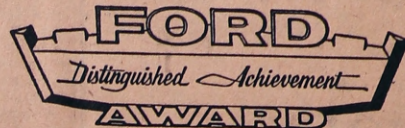

The friendly shade screening you from the sun.
My fruits are refreshing draughts
Quenching your thirst as you journey on.

I am the beam that holds your house;
The board of your table,
The bed on which you lie
And the timber that builds your boat.
I am the handle of your hoe,
The door of your homestead,
The wood of your cradle
And the shell of your coffin.

I am the bread of kindness and the flower of beauty.
Ye who pass by, listen to my prayer:
Harm me not.

Unit Three St. Paul's U.C.W.

On Tuesday evening, May 19th, Unit No. 3 of St. Paul's United Church Women met at the Manse for their regular monthly meeting.

The meeting was opened by Unit Leader Mrs. G. Finkle. The devotional period was led by Mrs. B. Bastedo. Mrs. Grant Richardson read the Scripture lesson from Mark 2: 14-20 and Romans 8: 31-39.

The meditation was on the theme "Agents of Hope." God gives us hope, a new era for mankind beginning with the teaching of Jesus by the sea of Galilee. We all live with hope for many things, material and spiritual, and all have their place in our lives, but God gives us a hope which rises beyond our earthbound imaginations

and our faith in Him gives us a basis for our hope for the future. This period closed with the singing of the hymn, "The heavens declare Thy glory, Lord."

An invitation was read from Carmel U.C.W. to an afternoon tea in June. Programme

The programme was conducted by Mrs. Grant Richardson, beginning with the meaning of the word "Covenant." The second film strip on "The Covenant" was shown, with commentary by Mrs. D. Pollock. This dramatized the meaning of "The Covenant" in modern times — how it was made as a sacred bond between God and man on Mount Sinai, renewed at Calvary and again with our Baptism, Confirmation and Communion services. These are reminders to us that even though we do not always live up to our commitments to God, He calls us

again and again to renew our bond with Him. The fellowship in worship, as in our Communion Service, helps us to realize our real oneness in Christ and binds us together in His Church.

A very interesting discussion period followed and many ways were mentioned which could help us keep our Covenant with God.

The meeting closed with the benediction and a social half hour followed. Miss Donald Kerr thanked the hostess, Mrs. Hommerson, the programme and lunch committee, on behalf of all present.

St. Mark's W.A. Bonarlaw

On May 8th twelve members and two visitors attended the monthly meeting of St. Mark's Woman's Auxiliary, Bonarlaw at the home of Mrs. T. Heath. Mrs. W. J. Barlow, President, graciously welcomed all.

Meditations were led by Mrs. E. Heath. The roll call was my favourite prayer and was well responded to. Mrs. E. Heath, Dorcas Secretary, gave her report. The bale was packed in Trenton on May 26th and a quilt was finished.

The Kingston Board letter was read by Mrs. Barlow and a sick member in Kingston Hospital is to be remembered. It was decided to inscribe the name of the late Mrs. J. F. Baker, an old and very faithful member in the "Book of Memory."

The Extra-Cent-A-Day offering was gathered. Mrs. B. Woodbeck, Mrs. E. Heath and Mrs. Brown were appointed a committee to have invitations sent out for the 50th anniversary celebration of the W.A. and the dedication of the new electric organ and a reading desk. This will be held on the afternoon of June 9th in St. Mark's Church.

Readings were given by Mrs. Jones, Mrs. Arthur Neal and Mrs. Eggett. A contest was conducted by Mrs. Eggett followed by the benediction by Mr. Stewart. A dainty lunch was served by Mrs. T. Heath and Mrs. B. Woodbeck.

Billie Seeley Wins Fishing Tackle

Billie Seeley, son of Mr. and Mrs. Orrie Seeley, North St., was the winner of a complete fishing outfit in a draw conducted at Bird's IGA Super Market on Saturday. The winning ticket was drawn by R. L. Hulin.

"300" Club Bowl-Off

Last Thursday night any bowler who had acquired a 300 game or over during the year in league bowling on the local lanes had the opportunity to bowl for the "300 Champion Bowler" trophy. They bowled three games and the winner was the one who bowled the highest single game.

Although there were no 300 games bowled that night, some lovely scores were turned in, but the winner this year turned out to be a teen-age bowler in the person of Ed Svoboda with his game of 278. All bowlers present were presented with "300 Bowler" crests for their efforts by proprietor Ray Poste.

Target -- Life

Accident statistics tend to remain monotonously alike each year. Sometimes, the figures get a little lower, but more often they increase. Too many of us take the accident forecasts as a part of the annual routine of living — and drying, unless a member of our family becomes number 29 or number 101 on the statistical list.

Many agencies are trying to do something to prove the "gloomheads" wrong, and one of these agencies is St. John Ambulance.

Each year, 1,200 Canadians die by drowning. They die in baths, ponds, building excavations and lakes. They die working, at pleasure and at play and many of them die needlessly.

Seconds count, if artificial respiration is to have a chance of saving a nearly drowned person. A minute's hesitation reduces the chances of success and five minutes to run and get help can mean death. Action must be immediate and it must be right. A St. John Save-A-Life course can mean the difference between a happy ending or a funeral.

St. John Ambulance Save-A-Life courses are free and take only two hours of your time. Courses will be conducted across Ontario from May 11th throughout the summer. To obtain further information, you should call your nearest St. John Ambulance or write to St. John Ambulance.
